MOSCOW CHEERS COSMONAUTS — Elated and happy Moscovites converge on Red Square carrying pictures of the Soviets' twin cosmonauts upon learning of their safe landing after their record globe-girdling space flights. Radios blared the news and officials were on hand to pass out photos of Maj. Andrian Nikolayev and Lt. Col. Pavel Popovich.

Moscow Readies for Giant Celebration

MOSCOW (AP) — The Soviet Union's twin astronauts were flown today from their point of landing in Kazakhstan to another base closer to Moscow to make a detailed report on their work and life in outer space.

A correspondent for the Soviet news agency Tass who accompanied them said doctors who examined Maj. Andrian Nikolayev and Lt. Col. Pavel Popovich found their condition "excellent, excellent."

Nikolayev and Popovich landed six minutes apart Wednesday in hill and desert country about 1,500 miles southeast of Moscow. Nikolayev had been circling the globe for nearly four days, Popovich for nearly three.

"I was amazed by Andrian Nikolayev's self-possession," said a doctor who examined the astronauts soon after they stepped from their spaceship.

"He looked cheerful, smiled. In fact, he was as unperturbed as if he never had been into space. His physical condition is excellent."

The Tass report said the two heroes were besieged by journalists, photographers and radio correspondents asking hundreds of questions. Tass reported the men "tireless and in high spirits."

Their new destination was not given. Preparations were under way in Moscow for a mammoth welcome—expected this weekend—in Red Square.

The Soviet news agency Novosti said "for the next few days they will remain under observation of doctors to study the influences of prolonged space flight on the human organism."

Preparations already have begun for the mammoth reception expected at week's end in Red Square, where Maj. Yuri Gagarin and Maj. Gherman Titov were feted after their epic flights.

Nikolayev and Popovich will join Khrushchev and other Soviet leaders atop Lenin's tomb to see a parade that doubtless will run for hours.

Shootings Reported In East Germany

KRONACH, Germany (AP) — West German authorities today reported the third shooting incident along East Germany's borders in less than 48 hours.

West German border police said East German border guards shot one of their comrades and presumably killed him Wednesday near the East German border village of Rotheul.

The Western police gave this account of the incident: The leader of an East German patrol had just dashed across the border and asked for asylum.

Then one member of the patrol turned on his comrades with a raised sub-machine gun. A shot rang out and the guard collapsed. He was carried away later, apparently dead.

Burned Sedan Is Chief Lead

Few Clues Found In Mail Truck Holdup

BOSTON (AP)—A burned sedan was the chief known clue today to a slick mob of machine gunners who looted a mail truck of \$1.5 million — topping the 1950 Brink's job as the nation's biggest cash haul.

Massachusetts State Police broadcast an alarm for five men and one woman. There were vague descriptions of two men known only as "Tony" and "Buster," even less for the woman and almost none for the other men.

Chief Postal Inspector Henry B. Montague, 50, head of the nation's oldest investigating service—which boasts a record of 99 per cent convictions for crimes involving the mails, flew to Boston to take personal command. Investigation headquarters was switched to Boston.

Washington promised that if need be the Post Office Department's entire force of 1,000 inspectors would be put to work to crack the case.

A Post Office Department spokesman said the truck sometimes carried as much as \$3 million on its run from Cape Cod to Boston.

Bloodmobile Donors Top Quota Here

A total of 138 pints of blood was donated by Salem residents when the Cleveland Regional Bloodmobile made its August appearance yesterday at St. Paul's School auditorium. This is 13 above the 125-pint quota.

Of the 145 donors scheduled in advance, only 113 appeared but 37 "walk-ins" and a good response from the late registrants combined to make a successful visit. "No-shows," people who do not keep their promised appointments, have long plagued the blood program.

Dr. William Klossi, Dr. Lea Cobbs and Dr. Carl Weidenmeier were the physicians on duty, assisted by 12 nurses and other volunteers, making a total of 145 hours of donated time for the program. "We could not have a Blood program without the wonderful volunteers and the time they so freely give," declared Louis J. Raymond, chairman of North Columbiana County Red Cross Blood Program.

The women of St. Paul's Church, with Mrs. Anne Lavelle as chairman, staffed and provided the canteen and meal for the staff. She was assisted by Mrs. Rose Marie Zilavy, Mrs. Emily Arnold, Mrs. Jerry Harrington and Miss Kathleen Harrington. The next visit of the Bloodmobile unit will be in October.

Rival Unions Riot In Streets

Two Officers, 12 Others Injured

PHILADELPHIA (AP) — A police-estimated crowd of 1,000 rival Teamsters Union members, many armed with baseball bats, bricks and bottles, battled Wednesday night in the streets in a wild melee.

Two police officers and 12 of the crowd were injured, windshields of autos were smashed, two cars overturned and windows broken. Three bullet holes were found in the union office's front window.

Police, Fairmount Park guards, firemen and highway patrolmen were ordered into the area at Front and Spring Garden streets. They forced the men to opposite sides of the streets and set up a cordon of cars and men to hold them apart. Bottles, clubs, stones and sticks continued to fly.

About half an hour after the melee began, officers, aided by police dogs, brought the situation under control.

Police arrested two men on charges of disorderly conduct and resisting arrest.

The disturbance capped a day of tension between Teamsters Local 107 members and members of a dissident group which calls it blood program.

Stork Arrives Early So Chief Helps Out

EAST PALESTINE — When the stork decided it was time to make its appearance at the home of Mr. and Mrs. Wayne Green of Wood St. this morning, the parents-to-be were unable to locate a doctor so they called the police department.

Chief of Police Wallace Dilworth arrived quickly and, in a short time, the Greens' second daughter did too, with the assistance of the chief, who reportedly remained as unruffled as the stork himself.

Both the mother and new daughter are reported in satisfactory condition at Salem City Hospital, where they were taken later.

Dispute Over W. New Guinea Finally Settled

Netherlands Agree To Relinquish Power After 134-years

UNITED NATIONS, N.Y. (AP) — A bitter 13-year dispute over West New Guinea has been ended by an agreement under which the Netherlands will bow out of the big island territory it has ruled for 134 years.

The western half of the island will be transferred first to a temporary U. N. administration and then will be handed over to Indonesia by next May 1. Its final disposition will be decided by a U. N.-supervised plebiscite in 1969.

In the detailed agreement signed by Dutch and Indonesian representatives Wednesday night, the Netherlands government gave up the last bit of its colonial empire in the Far East. Indonesia won independence in 1949.

Both Indonesian and Dutch representatives hailed the agreement as a major achievement for acting U. N. Secretary-General U. Thant and his special envoy, former U. S. diplomat Ellsworth Bunker, who negotiated the settlement.

Dutch Premier Jan de Quay took a different tack. In a radio-television address to the Dutch people Wednesday night, he said his government had yielded because the pressure of Indonesian military action "threatened to culminate in a real war" and because "the Netherlands no longer could count upon its allies for support." He obviously referred to the United States.

Thant stepped into the controversy last March after Indonesian President Sukarno's invasion preparations threatened a shooting war. Negotiations proceeded amid a background of sporadic Indonesian paratroop landings, and military clashes continued until

For Devotion to American People

MacArthur Receives Award From Congress

WASHINGTON (AP) — Old soldier Douglas MacArthur, one of the most decorated men in American military history, comes to the capital today to collect his latest honor.

It's an engrossed resolution expressing the thanks of Congress for the exploits of the 82-year-old general of the Army.

Passed by Senate and House last month, it says: "The thanks and appreciation of the Congress and the American people are hereby tendered to General of the Army Douglas MacArthur, in recognition of his outstanding devotion to the American people, his brilliant leadership during and following World War II, and the unsurpassed affection held for him by the people of the Philippines which has done so much to strengthen the ties of friendship between the people of that nation and the people of the United States."

Tennis Court Job to Start

Wilmington Firm Is Low Bidder

The Clinton Asphalt Paving Co. of Wilmington, was tentatively awarded a contract by the Salem Park Commission Wednesday night for \$17,105 to construct three hard-surfaced tennis courts at Centennial Park.

The contract is being held up until City Solicitor Tom Coe issues a written opinion approving the bid which is over the estimated cost.

Three bids were received before the noon deadline Tuesday and all were over the \$17,073.30 estimate made by City Engineer F. S. Barckhoff, Jr. The bid by Clinton Asphalt was the lowest.

Other bidders were Tru-Bounce Inc., of Chesterfield, Mo., \$20,440; and Miller-Yount Paving Co. of RD 3, Cortland, \$20,000.

The contract calls for the three courts to be covered with bituminous asphalt a cold mix. Fencing around the courts is included in the contract price.

The new courts will replace the three old clay courts which have been in use for many years.

Hard-surfaced tennis courts stirred up a controversy in City Council when they were first proposed two years ago by C. F.

Urges Support for Present Program

Official Sees No Need To Change Space Plans

BLACKSBURG, Va. (AP)—Dr. Werner von Braun, head of the U. S. program to develop rockets powerful enough to send men to the moon, said today there is no need to change U. S. space plans because of the sensational Soviet dual orbit this week.

On the contrary, von Braun told newsmen, the nation cannot afford to waste time changing things around.

What the U. S. needs, he said, is not a crash program but continuing public support over a period of years.

"We cannot sit on our hands," he said. Von Braun gave a detailed report on the Saturn moon-rocket program Wednesday night to 350 scientists, who are attending a lunar exploration conference, and more than 2,500 townspeople and students.

The World War II German rocket expert said arrangements are under way for the third flight test of the so-called small Saturn C-1 booster which will be capable of launching an Apollo spacecraft into orbit around the earth.

Von Braun said static testing of the fourth C-1 booster will begin this month. He added that the National Aeronautics and Space Administration is studying several missions for the fourth C-1

flight, including an engine-out test to simulate an emergency. The rocket will take off with its full eight engines, and then one will be cut off in flight to see what happens.

The C-1 is the first U. S. rocket that will exceed the capability of the rocket that the Soviets have

Bliss, USA Union Sign 2-Year Pact

The E. W. Bliss Co. has entered into a new labor agreement covering employees of the Salem plant represented by the United Steelworkers of America, Local No. 3372.

These improved benefits were effect Sept. 1, was signed Wednesday evening by representatives of the company and the union.

Improved supplement unemployment benefits, vacations, a vacation savings plan, and pensions were agreed upon.

These improved benefits were basically those granted by the major steel companies in their recently-signed agreements with the Steelworkers.

The agreement is for two years, with a "re-opener" on certain defined items after one year, it was announced.

Bliss Company has its heavy Equipment Division in Salem, although the company's general offices are in Canton.

Claims Nickel Deal Was Done In U. S. Interest

Ex-Treasury Head Says His Company Also Reaped Profits

WASHINGTON (AP) — George M. Humphrey, former secretary of the Treasury, told Senate stockpile investigators today that the government as well as his mining company gained from a multi-million-dollar nickel stockpile contract.

Humphrey, wealthy Cleveland industrialist and honorary chairman of the M. A. Hanna Co., which handled the nickel operations, flatly disputed earlier testimony before a Senate subcommittee about excessive profits or special treatment on the contracts.

His prepared statement left to other Hanna officials, due to testify later, any answer to accusations by government auditors that the nickel contracts involved improper accounting and destruction of important company records.

Of all the stockpile contracts to expand production of nickel needed for the defense stockpiles, Humphrey said "the Hanna contracts involved the most efficient use of the least government money, either per pound of nickel bought or per pound of capacity created, and it is surely one of the comparatively few cases where every cent of its expenditure has already been fully repaid to the government with interest."

Humphrey, 72, appeared voluntarily before the special armed services subcommittee, headed by Sen. Stuart Symington, D-Mo., which has been probing the \$8-billion defense stockpiles.

President Kennedy had urged the investigation early this year, saying some \$3.4 billion of surpluses existed and these might indicate abuses or "unconscionable profits."

Humphrey, a member of former President Dwight D. Eisenhower's Cabinet from 1953 to 1957, disputed earlier testimony by government auditors and estimates by senators that Hanna profits from the nickel operations were \$30 to \$39 million or more.

He said the net profit to Hanna over the seven-year period was \$7,535,000 while the government was acquiring nickel at below market prices and also receiving "income taxes from the Hanna nickel operation of \$5.8 million, withholding taxes of \$2 million for Hanna nickel employees and approximately \$7 million for power from the Bonneville Dam."

Another big plus factor in the arrangement, Humphrey said,

Senior Citizens At Columbiana Hear Talk

COLUMBIANA — The Columbiana Senior Citizens group met Tuesday at pavilion 4, Firestone Park from 10 a.m. to 3:30 p.m.

Rev. Harold Theidt of the Grace United Church of Christ was the featured speaker. His talk was an inspirational message on the advantages of growing older. A music group from Mount Olivet United Church of Christ in North Lima entertained, after which there was group singing, led by Tom Cope of Leetonia. Lunch was served at noon by the ladies of the club.

On Aug. 28, the club will meet again at pavilion 4 for a drop-in party from 10 a.m. to 5 p.m. On Friday, Aug. 31, a chartered bus will take members to the Canfield Fair. Anyone past 60 who would like to go with the group should contact Luther Donbar or Mrs. Cora Henry.

THREE COUPLES new to the community attended the Newcomers Club annual family picnic

at Firestone Park Tuesday evening. They are Mr. and Mrs. Marvin Lunde, Mr. and Mrs. Mike Reedy, and Mr. and Mrs. Eddie Linger. The new club year will begin at next month's meeting on Sept. 11, when officers will be installed. The meeting will be at Valley Golf Club at 8 p.m.

THE FAIRFIELD RUTAN Club will hold its second annual chicken barbecue dinner Saturday, Aug. 25th, from 5 to 8 p.m. at the new Columbiana South Side Elementary School.

The proceeds are for the club's Community Projects Fund. Last year the Rutans served 666 dinners.

The event will help the club's community projects fund, said President Wilbur J. Weber.

"HOW TO MAKE A PRETTIER room" will be the topic of discussion when the Columbiana Homemakers Home Demonstration group meets next Wednesday

at 1 p.m. at the home of Mrs. Karl Theiss, Market St., Columbiana.

Leaders will be Mrs. John Polen and Mrs. Theiss and all members are asked to bring gold tapes and ideas for Christmas project.

Mrs. Katie Miller has returned to her home after several weeks' stay with her son and family, Mr. and Mrs. Lee Miller of Canfield. Mrs. Sam Young of Mansfield is visiting relatives and friends here.

Mr. and Mrs. Harry Bundy had recent guests from Canton. Mr. and Mrs. Ray Fisher spent several days at the home of Mr. and Mrs. Irl Fisher on Cliff Drive in Port Clinton.

Mr. and Mrs. Melvin Forbes were recent guests of relatives in Sewickley, Pa.

Norman Detwiler of Winter Haven, Fla., has been visiting relatives and friends in Columbiana.

MEMBERS OF THE Columbiana Boat and Ski Club held their monthly meeting at Berlin Dam, with Dick Richardson, past commodore, in charge. Members will travel from Bridgewater to Pittsburgh on Sunday. They will meet at 10:30 a.m. at Firestone Park.

An organization meeting of Kyser's Monday night bowling league will be held Monday at 7 p.m. at Kyser's Lanes. New Association rules will be discussed and teams will be formed.

Any new bowlers interested in league bowling are asked to call the president, Erna Rupert, or secretary, Mary Cannon, and attend the meeting. All team captains and bowlers are urged to attend.

Rogers Girl, 11 Shriners Patient, Learning to Walk

ROGERS — Mary Alice Aeschbacher, daughter of Mr. and Mrs. Melvin Aeschbacher, has returned home from Shriners Hospital in Chicago where she had been since Feb. 16.

Eleven-year-old Mary Alice, who had been unable to walk since birth due to a birth defect, now takes steps with the aid of two small saw horses made for her by Edward Heim of Lisbon.

She underwent three operations in Chicago and the last cast was removed from her leg on Aug. 6. Both legs are now straight and she can wear shoes for the first time.

Mrs. Aeschbacher reports that her daughter looks well, has gained weight and enjoys being home with her four brothers and a sister.

The Salem Area Shrine Club sponsored her trip to the hospital.

The Doctor Says

By DR. H. T. HYMAN

Concerning Cataract Operations

The National Society for the Prevention of Blindness has issued tables in which the prevalence of blindness in the United States has been estimated as of July 1, 1960. The results are staggering.

For example, the estimated number of blind citizens is 385,000, or better than two of us in each thousand.

The rate is highest in Hawaii and lowest in Utah. And, by localities, it is highest in the southeastern states from North Carolina to Florida and from the Atlantic Coast westward through Arkansas and Louisiana.

It is highest, too, in the higher age brackets, presumably due to the increasing occurrence of glaucoma and cataracts.

Now while a great deal may be done to save sight in the glaucoma-

matous, especially when communities and individuals profit by early diagnosis through simple testing (eyeball tension) and nonsurgical measures of treatment, little can be done to prevent cataract formation, and treatment requires most precise surgery by highly trained ophthalmological surgeons.

INDEED, there is a possibility that we shall, in the upcoming years, witness a rising incidence of cataract formation due to prolonged administration of corticosteroids (ACTH etc.), and, perhaps, of some of the blood-pressure-reducing drugs.

Hence the following rules, laid down following his own cataract operation by Dr. J. M. MacKintosh, may prove useful to those who find they must adjust to a sight-saving procedure that necessarily limits side vision almost wholly:

Leave your glasses where you can find them. Especially at bedside before retiring.

Keep a spare pair where they can readily be found by a member of your household.

When you enter a room, look for "booby traps," such as footstools, roller skates, glasses and bottles left on the floor, ornaments on tables and the like.

SINCE A SIDELONG glance will not provide a sufficient width of vision, learn to rely on head movements to register what is going on to the right and left, as well as above and below. Particularly in traffic, stand still and by head movement look in all directions before you venture across an intersection.

Don't read for longer than a half hour at a time. After a 10-minute recess, you may continue.

To which I would add, be sure to remind your doctor, each time he prescribes a drug for you, that you have a cataract, or had a cataract extraction. A single reminder can do no harm, and may prevent administration of a medicine that stimulates cataract formation.

America's Indian Summer corresponds to St. Luke's Summer, or St. Martin's Summer, in England. Elsewhere on the European continent it is known by a variety of names.

DEPORTATION ORDERED.—President Diosdado Macapagal has ordered the arrest and deportation from the Philippines of American tobacco millionaire Harry S. Stonehill. Macapagal's action came on charges stemming from Stonehill's alleged involvement in bribery of public officials.

ASKS CONFERENCE

HAMILTON, Ohio (AP)—City Manager Aaron Marsh wants a conference with Franklin and Butler County officials to decide the next move in the proposed location of a Cincinnati city water plant in Butler County. Marsh said the proposed plant, to be built near Ross, could be a menace to Hamilton's water supplies.

Today In History

By The Associated Press
Today is Thursday, Aug. 16; the 228th day of 1962. There are 137 days left in the year.

Today's highlight in history:

On this day in 1780, the British Redcoats scored an overwhelming victory in the Battle of Camden. S.C. Lord Cornwallis led 2,000 troops against 3,000 Americans under the command of Gen. Horatio Gates. Gates was branded as an incompetent military

leader when his Colonial Army was practically destroyed as an organization.

On this date:

In 1777, American colonial troops defeated the British in the Battle of Bennington, Vt.

In 1858, the first message via the new Atlantic cable was sent by Queen Victoria to President Buchanan.

In 1944, Allied military officials announced that the invasion of Southern France in World War II was successful.

In 1948, famed baseball star Babe Ruth died.

Today's birthdays:

Famous football coach Amos Alonzo Stagg is 100. AFL - CIO President George Meany is 68.

Thought for today:

If you wish to avoid foreign collision, you had better abandon the ocean—Henry Clay.

FUNDS TO BE TRANSFERRED

COLUMBUS, Ohio (AP)—State Highway Safety Director J. Grant says he has ordered transfer of all auto registration monies to last July 1 from depository trust to statutory funds.

The funds, estimated at \$16,800,000, will be available for local taxing districts. The actual distribution to the districts is expected in October.

Budget Hearings Are Scheduled

The Columbiana County Budget Commission, composed of Prosecutor G. William Brokaw, Treasurer Vincent C. Judge and Auditor Kenneth Bell, has set up the following budget hearing dates for townships, corporations and libraries on the 1963 budgets:

Aug. 20—Butler Township 9 a.m.; Center Township 10 a.m.; Elkrun Township 10 a.m.; Fairfield Township 1:30 p.m. and Franklin Township 2:30 p.m.

Aug. 21—Hanover Township 9 a.m.; Knox Township 10 a.m.; Liverpool Township 11 a.m.; Madison Township 1:30 p.m. and Middleton Township 2:30 p.m.

Aug. 22—Perry Township 9 a.m.; Salem Township 10 a.m. and St. Clair Township at 11 a.m.

Aug. 23—Unity Township 9 a.m.; Wayne Township 10 a.m.; and West Township 11 a.m.

Aug. 24—Yellow Creek Township 9 a.m. and Washington Township at 10 a.m.

Corporations

Aug. 27—Columbiana 9 a.m.; East Palestine 10 a.m. Hanover Township 11 a.m.; Leetonia 1:30 p.m. and East Liverpool 2:30 p.m.

Aug. 28—Lisbon 9 a.m.; New Waterford 10 a.m.; Rogers 11 a.m.; Salem 1:30 p.m. and Salineville 2:30 p.m.

Aug. 29—Washingtonville 9 a.m.

m.; Wellsville 10:30 a.m. and Summitville at 1:30 p.m.
The budget hearings for the libraries will be held at 2 p.m. Aug. 29 in courtroom No. 2.

6 Take Examination For Probation Officer

15BON—Six Columbiana County men took an examination Wednesday afternoon for the position of probation officer for the southern part of the county.

County Supt. James L. McBride made up the test at the request of Juvenile Judge Louis Tobin who said today he hopes to have made his selection within a week.

The appointee will fill the job of Chris Pusey of Lisbon, who died July 13 after being juvenile officer 18 years.

Court Did Not Outlaw Prayer

There still seems to be misconception among laymen and some clergymen about the U.S. Supreme Court's decision banning a school board-ordered prayer from New York public schools.

We are glad Justice Tom C. Clark, one of the majority in the 6-1 Supreme Court decision, has seen fit to explain publicly what the court majority meant. It is exactly as The Salem News interpreted it in June, after the decision had been handed down.

It is unusual for justices to comment on decisions after they are made. But, because of his awareness of the commotion aroused Clark saw fit to make a speech about it in San Francisco.

HE DECLARED flatly that the court had NOT outlawed religious observance in public by misinterpretation of the decision, Justice schools. He said:

"Rather than jumping at the result and confusing the spiritual or ethical policy involved with the legal one decided, the public now is beginning to see that here was a state-written prayer circulated to state-employed teachers with instructions to have their pupils recite it in unison at the beginning of each school day. . . .

"The Constitution says the government shall take no part in the establishment of religion. 'No' means 'no.' . . . This was all the court decided—not that there could be no official recognition of a divine being or recognition on currency of 'In God We Trust' or public acknowledgment that we are a religious nation."

Washington commentator David Lawrence pointed out on this page after the decision the narrow ground covered by the court

and stated his conclusion that voluntary prayer had not really been banned in the schools.

The day before that—on June 27—the newspaper said in an editorial:

"The people who voiced immediate chagrin or anger at the Supreme Court's decision against the use of a particular prayer in the New York schools . . . missed a critical point in the issue. . . . To say that the court has banned God from the classroom or endorsed the godlessness of a Communist society is to do a disservice not only to the justices but also to the delicate concept of liberty which motivated the Founding Fathers."

Our editorial pointed out that the First Amendment to the Constitution declares in regard to religion: "Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof. . . ."

THE SPECIFIC ISSUE before the court, we emphasized then and subsequently was whether it was proper under this constitutional restraint to require or even authorize all New York public school pupils to say a prayer composed and approved by a governmental agency (the New York school board).

We concluded:

"The Supreme Court's intention was not to prohibit the free exercise of religion, even in public functions, but to reiterate the constitutional limitation on government direction of religious beliefs or activities."

We are glad Justice Clark has broken the court's traditional public silence and confirmed that interpretation. We hope there now will be universal understanding of the significance of the opinion.

Please, Not Saucers Again!

A report from Edwards Air Force Base in California that scientists are serious about unidentified objects spotted on high-altitude X-15 flights makes us want to avoid a repetition of an unpleasant experience.

Having lived through previous interludes of Unidentified Flying Objects — UFO — we would rather skip the next round. But Maj. Bob White, flying the X-15 did see an Unidentified Flying Object. A camera attached to his plane took a picture of an Unidentified Flying Object. Col. John Glenn saw Unidentified Flying Objects. Lt. Cmdr. Scott Carpenter saw them.

There plainly is more to be seen on the outer edges of the world's atmosphere than star dust. Whether the Unidentified Flying Objects reported by these trustworthy observers are pieces of paper whirled into space by Florida hurricanes or things that look like pieces of paper when viewed through

heavy windows at suborbital speeds, they exist.

That's all we ever took seriously during the flying saucer era — the reports of commercial air line pilots and military aviators that they had seen something in the air they were unable to identify — that objects existed.

The U.S. Air Force took the reports seriously enough to check out every claim of a sighting. Its official conclusion that nothing could be established by its investigation was no more conclusive than a skeptic's conclusion that he could establish nothing in his investigation of religion.

Unidentified Flying Objects are real — not identified. If this time no silly name is bestowed on them there may be a corresponding decrease in silly contradictions of people with no inclination to feel silly about something they couldn't identify.

U. S. Has No-Lose Policy

Secretary of State Rusk's strong answer in a speech to Veterans of Foreign Wars to the accusation that the Kennedy administration has a "no-win policy" in foreign relations raises the question of who made the accusation.

It was made last April before the Special Senate Preparedness Investigating subcommittee by former Maj. Gen. Edwin A. Walker, the choleric militarist who had been relieved of his command in West Germany and subsequently took the Defense Department off the spot by revealing the extremity of thinking that had caused his superiors to take action.

"Our armed forces are paralyzed by our national policy of 'no-win' and retreat from victory," he testified to the subcommittee. I myself am a victim of this "no-win" policy. . . . I was a victim of an unwritten policy of collaboration and collusion with the international Communist conspiracy, which

had superseded all written directives and our traditional policy of complete understanding of our enemy."

In further testimony, Gen. Walker was pressed for the names of government officials in what he had described as a "control apparatus . . . to sell out our traditions, our Constitution, our sovereignty, our independence." He finally said he believed State Secretary Rusk had "influence in this apparatus."

This was an accusation so serious it hurt Ten. Walker more than it hurt Secretary Rusk. A month later his bid for favor in the Texas Democratic primary for governor was turned down flat; he ran last in a field of six candidates.

"It goes without saying," Secretary Rusk told the Veterans of Foreign Wars convention in Minneapolis, "that our purpose is to win, but the victory should be achieved without war. The United States has all the necessary military power to defend its vital interests but a military climax to this struggle is to be prevented if possible."

Wouldn't the issue be easier to follow if Secretary Rusk and others like him would remind all listeners that nobody wins a modern war and—the purpose of the Kennedy administration, like that of the administrations before it and all administrations that will come after it, is not to lose?

The United States has a no-lose policy.

It Was Carla

We hasten to correct an error in one of our yesterday editorials where we referred to the 1961 storm that lashed the Gulf of Mexico as Hurricane Donna. We even knew it was Carla, but we'll bet we aren't the first ones to get confused with all these tempestuous "A to Z" gals. It was Carla, but the first girl to "promenade" this season will be Alma.

Letter From Max

While we all are feeling proud of the Bell Laboratory accomplishment that put Telstar into orbit for transmission of telephone and television signals across the Atlantic, this might be a good time to give new thought to FCC Chairman Newton Minow's description of television as a "vast wasteland."

Have we really thought through just what we might make of the whole world by eventually taking our television into every home in every country? It might be the least painful but the worst revenge we could inflict on our enemies, with our friends suffering as innocent bystanders.

The preponderance of private-eye and horse-opera programs on our television almost has become a way of life as far as entertainment goes.

One local father thought he was being pretty original when he said he kept a mop in the living room to clean up the blood which flowed out of the TV onto the rug and was mining gunshot lead from the walls of the room. But another father topped him with, "We are growing mushrooms in our living room." what with all the horses he had seen there.

Telstar may well be the latest example of technology outrunning social and cultural

values. While it is admittedly only an infant in its field now, it promises to grow into a formidable adult with incalculable consequences.

It may not be long until antisocial types who work at adjoining desks and don't speak to each other will have the opportunity to extend their range of negative action to such faraway places as Hong Kong and not speak to anyone there either, thanks to Telstar.

Another fascinating thought is what one's voice would sound like after a roundtrip of 6,000 miles or more in outer space. It should sound even more tired than usual, but thanks to this modern marvel it probably won't. Those sound engineers are clever people.

Despite the spoofing, it is heartening that this first privately financed space achievement has been made by American Telephone & Telegraph Co., which had the help of the National Aeronautics and Space Administration in launching the small globe. AT&T has put \$50 million into the project—and that ain't star dust.

If and when you ever get to make a phone call via Telstar you might get an extra inward glow from thinking about that \$50 million. You might even get a glow from thinking about it right now.

Inside Labor

By Victor Riesel

NEW DELHI

A phone call was placed the other night in Room 628 of the Ashoka Hotel to the luxury three-room Suite No. 440. A man answered. He would not talk. I know. I placed the call.

The man who answered was First Deputy Chairman of the U.S.S.R. Council of Ministers, Anastas Mikoyan.

He had just spent 65 minutes with ailing Prime Minister Jawaharlal Nehru. 5

Vice Chairman Mikoyan was passing through here on his way home from Jakarta. He had just one night. But he was handling it with finesse, including a candlelight dinner in the lush dining room known as Suite No. 355.

That is the way of the Russians. There were mutual toasts to eternal friendship and aid not only for the third five-year plan of the Indians but the fourth the fifth and so on into time.

THE SOVIETS are trying real hard here to win over India's 438 million people — of whom at least 9 million are jobless, and the "underemployed" are upwards of 18 million. This means they earn 30 to 40 cents a day. A skilled worker — such as an electrician — earns \$1.50 a day.

So the Russians try in the hope the teeming hungry masses will some day Sovietize or China-fy India. How do they try? There is, for example, the very efficient Bhilai steel mill in the State of Madhya Pradesh. The Russians built it. They put over 700 skilled men into it so that a Soviet technician virtually stood alongside every valve and lever and button.

But nothing was left either to chance or to any of the lesser Russian technicians. The Soviets sent in the equivalent of our presidential cabinet officers to see to it that the mill would operate as a slowpiece — and these men nursed it from the first excavation to the final furnaces.

IN CHARGE was Veniamin E. Dymshits. He was in India for months. When he returned to Moscow they made him chairman of the Soviet State Planning Committee as well as Deputy Premier (vice chairman of the Council of Ministers of the U.S.S.R.).

This is the equivalent of a committee made up of Vice President Lyndon Johnson Labor Secretary Arthur Goldberg and U.S. Steel Chairman Roger Blough coming in to supervise the construction and operation of just one mill here.

For the Russians not only had Dymshits here but also a M. Sergeev who acted as economic counselor of the Soviet Embassy in this city. He was in charge of economic penetration of India. When he returned to Moscow he turned out to be the deputy chairman of the State Committee on Economics for Foreign Affairs of the entire Soviet government.

The Bhilai steel mill has operated beautifully. The British-German-American efforts in steel have not gone so well. The Russians spent over \$168 million.

What did they get for it in political terms? Not much.

DESPITE A STRONG veteran labor movement here and a smoothly functioning Communist party apparatus the Soviets have not succeeded in winning either the affection or support of the Indian people even though the poverty and hunger are so vast, it is almost unimaginable back home.

Let's look at the vote for Parliament. In 1957 the Communists polled 9.78 per cent of the vote. This year, the Party (CPI) polled 9.98 per cent. Not much gain for \$168 million — not to mention the mammoth party organization — in a land with 165 million workers.

Why? Because India is not V. K. Krishna Menon. The Indians know what our people are trying to do for their people. They have a desperate need for electric power. We have tried to create this for them by providing a long-term loan of \$143 million.

The Indians must maintain a swift railroad system. Their vehicle roads are what ours were in 1905. There are no highways as we know them. We have helped them keep their rail system modern.

We have sent medical teams deep into almost primitive villages. Malaria control and eradication have saved millions.

BEFORE WORLD WAR II there were an estimated 100 million cases of malaria in India each year. Of these, 2 million were lethal. We spent over \$48 million

here in the fight on the disease. We trained key personnel. We bought Jeeps and trucks. We piled up insecticide. We trained, we transported. Today, the best figures available reveal that the incidence of malaria has been reduced by over 80 million cases a year.

We have helped in college nurse training development. We have built fertilizer plants so the earth of old Mother India could be coaxed to give up more food. I could list a hundred projects here.

The Indian working people know this. India's intellectual know this. India's labor leaders are aware of this. They are, for the most part, with us. You would not know it from the unpleasant face Krishna Menon puts on all India when he is in the U.S. But that is his special technique — to make us hate him and therefore dislike India.

We denounce him. He reprints these insults here in India. Thus the pro-Soviet Menon makes it appear that we are against all Indians and all India. He comes between us and the great mass of people here.

IN DELHI they have a gag. They say that they are suffering from a bad case of Menonitis. Well, let's not catch that fever. We are a lot more popular here, and there is far more distrust of the Sin-Soviet bloc than we realize back home.

So Anastas Mikoyan can have his candlelight dinners. Democratic civilization has the Indian people. That's a fair exchange.

Half Truths

By DAVID LAWRENCE

JFK's Economy Speech Lacked Pertinent Facts

President Kennedy said over television and radio on Monday night that he was speaking as the only American official, along with the vice president, elected

"By all of the people in all of the 50 states." Unfortunately, he spoke as a politician seeking re-election, and he did not tell the people the whole story of the economic plight that confronts them.

Mr. Kennedy said not a word about the cause of the last two recessions and not a word about the news development that happened the same day he spoke which can bring on the next recession — an arbitrary rise in wage costs which could materially reduce, if not wipe out, most corporate profits.

There appeared on the front pages of many newspapers — on the same morning that the President's speech was printed — the most important piece of news that has struck the business world since the 1959 strike in steel.

It was announced by the executive council of the AFL-CIO — which comprises some 17 million members — that it had by formal resolution decided to demand a 35-hour work week and will insist on the same take-home pay as is being received for the 40-hour work week.

Also, any overtime beyond 35 hours would have to be paid for, not just on the basis of 1½ times the hourly rate as at present, but at twice the hourly rate. The President has known for some time about this plan.

WHERE is American business going to get the money to pay for the strikes that now will ensue or for such a stupendous rise in costs?

What good can come from the tax reduction in 1963 of a few percentage points promised to American business if there is to be such a rise in wage costs?

Yet Mr. Kennedy speaks confidently of the "economic recovery" from the recent recession. He says:

"Every consumer and businessman in America listening to me tonight knows he can safely spend and invest tomorrow with real confidence in the long-range future of the United States of America."

The President says that the economy was sick in January of last year "not only because of the 1960-61 recession, but also because of the recession of 1958."

The President didn't tell his listeners the fundamental cause of both recessions. The threat of strikes and the actual work stoppages caused inventories to be accumulated abnormally in advance and then brought about unemployment when the demand was filled.

LIKEWISE durable goods industries, faced with higher wage costs, became stagnant.

Mr. Kennedy cracked down on steel in April, 1962, when it tried to raise its prices to offset wage costs accumulated in the previous three years but he has never done anything to curb the power of the labor unions, which force wage costs upward and bring about

strikes that disrupt the economy. Mr. Kennedy denounces those who would oppose his "give-away" programs and what he calls "human welfare" legislation, and says that we should not "let the pressures from any special group or area stand in the way of fulfilling our promises in the 1960s." But the biggest pressure group of all goes on wielding its monopolistic power just the same.

The die is cast, therefore, for more and more public spending, which means larger and larger deficits for the U.S. Treasury.

The President seems to think an improvement in business will offset any loss in revenue from tax-cutting.

He is convinced that the tax cuts will release money that will create jobs and increase production but he has failed to qualify his statement with a cautionary note that this cannot happen if inflation is resumed and if prices rise, as they inevitably must, when wage costs are substantially increased.

Also, the President says flatly there will be no cut in the level of federal spending.

THE PRESIDENT implied, moreover, that profits today are near an all-time high. But he neglected to tell his audience that, in the last 12 years, corporate profits have never reached their 1950 peak.

Similarly, corporations have been getting in the last couple of years a little more than 3 cents' profit out of their sales dollar, as compared with 5.3 cents in 1950. So what's the good of citing statistics about recent increases in the national output if such increases are brought about by deficit spending by the government itself, and not by reason of the progress of the private-enterprise system?

The key to the whole economic situation is the breakdown in the profit picture. Although the national output was increased by \$150 billion during the last seven years, the profits of American business have stood still during that period.

This means that the government has not played a sufficiently constructive part in stimulating the economy or in removing the artificial barriers that impede the growth of the profit system.

The Democratic party, which has controlled Congress for the last seven years, has the major responsibility for the failure to legislate on the labor monopoly.

Mr. Kennedy's address would have been reassuring if he had covered all the bases, and if he had dealt with the labor problem but being a politician and dependent on labor union votes and campaign contributions, he probably feels he cannot afford to antagonize his political allies.

Yet economic recovery of any durable kind is doubtful nowadays because Mr. Kennedy does not venture to speak for all the people or tell them the full story of the front them today.

Matter of Fact

All those women would not get all those diamond engagement rings if it were not for the Romans. The giving of a ring to mark a betrothal was an old Roman custom. The ring was probably a mere pledge that a contract would be fulfilled.

Ann Landers

ANSWERS YOUR PROBLEMS

Worth the Effort

Dear Ann Landers: My husband makes about \$8,000 a year with overtime and bonus. We don't owe a dime.

Last night after dinner our oldest boy complained of a headache and pains in his side. He is rarely ill and I was concerned. His head felt hot so I took his temperature. He had 103 degrees. I asked my husband to telephone the doctor. He said, "The kid probably ate something that didn't agree with him. Why spend \$10 on a doctor who will tell you the same thing?"

An hour later the TV went on the bum. He fiddled around with it for about 15 minutes, swore a little, then announced that the picture was shot and he'd have to call a repairman. This is how the conversation wound up. "Of course I'll pay him time and a half if he comes out right away. I can't miss the fight."

The boy was all-right the next day, fortunately, but I still say it's a shame when a man thinks more of his TV than he thinks of his own son. What would you do with such a husband? — CAN'T FIGURE IT.

Dear Can't: I would decide on my own if a doctor was needed. And if I thought he was, I'd call him without delay.

the law says. If you do not qualify I urge you to return to college and earn the proper credentials. It will be well worth it.

She's No Cookbook

Dear Ann: The letter from the woman who signed herself "Minus One Dozen Eggs" sounded like the story of my life. "Mrs. Minus" was burned up because a friend gave her a recipe which turned out to be a flop. She strongly suspected dirty work.

Well I sympathize with the friend who gave her the recipe because this has happened to me several times. It took me 10 years to realize how dumb some women can be. They have flops with perfectly good recipes because they don't follow directions and furthermore they don't know the basic rules for cooking.

A relative once asked me how to prepare a meat dish. I told her to wrap the meat in aluminum foil. I thought surely she'd have enough sense to put the meat in a pan. Instead she placed it on the oven rack and lost all the juice and messed up the oven. She told everyone I loused her up.

Now I refuse to give out my recipes. I tell everyone to go look in a cook book and believe me, I'm much happier. — BLAME-LESS.

Dear Marge: In some states you need more than love to start a nursery school. Check with the local superintendent of public schools and find out what

Fair Board Plans For 117th Event

LISBON—The Columbiana County Agriculture Society met last evening at the fairgrounds to go over last-minute details for their 117th annual fair which will be held Aug. 21-25.

Several state laws have been put in effect which says that all show horses and ponies must have a health certificate to be admitted on the grounds next Monday. All breeding swine must be tested for brucellosis or must have papers showing it came from a validated brucellosis-free herd before it can be shown at the fair. The fair board is pleased with entries so far and at the present time they have approximately 250 ponies; 200 cattle; 170 sheep; 100 swine and over 300 head of poultry entered in the different classes for the coming fair.

There will be three days of racing Wednesday, Thursday and Saturday, and 64 horses have applied for entry. The program offers \$2,700 in purses to the winners on Wednesday and Thursday, and \$3,400 for the Saturday's races.

The board hopes that the five-day fair will draw an excess of 30,000 people.

While a student at Kent she was a member of Golden K, Lowry Hall house council, Association of Childhood Education and appeared on the dean's honor list. She will teach in September in the Leetonia Exempted Village School District.

Mr. and Mrs. Morris will have open house in honor of their daughter Aug. 26 from 2 to 9 p.m.

Sylvia Brantingham Wed to Warren Foster

The Euclid East Shore Methodist Church was the locale Aug. 5 of the wedding of Miss Sylvia Joan Brantingham, daughter of Mrs. Ruth Brantingham of RD 5, Salem, and Warren A. Foster, son of Mr. and Mrs. Morris Foster of Euclid.

Dr. Paul O. Mayer officiated at the 4:30 p.m. double ring ceremony before an altar graced with arrangements of white flowers in altar vases and twin baskets of white flowers in front of the pulpit. Twin cathedral candelabra lighted the scene.

Miss Joan Sennick of Euclid sang "Song of Ruth" and "The Lord's Prayer" and Mrs. Robert Hale presided at the organ.

Robert Brantingham of Warren gave his cousin in marriage. The bride designed and made her wedding gown of white peau-de-soie fashioned along princess lines with long sleeves. The skirt hung straight and slim in front with the back flaring into a chapel train with huge flat bow detail. Her sleeve length veil was caught to a Juliet cap and she carried a crescent arrangement of white roses and stephanotis on her lace covered Eastern Star Bible. For "something old" she wore her maternal grandmother's diamond and pearl pendant necklace. Wearing a full skirted aqua street length dress with draped

bodice, Clara J. Sneed of Euclid was maid of honor and carried a bouquet of yellow daisies and stephanotis. June Hodanovac of Will-O-Wick was bridesmaid in a yellow gown and carried aqua flowers.

Best man for Mr. Foster was Henry Luetkemeyer and ushering was Scott N. Shrewsbury, both of Euclid.

A three tier wedding cake decorated with spun sugar bells centered the white covered bride's table at the reception in the church social room following the ceremony, when Mary Lou Brantingham of Winona registered the 200 guests who greeted the bridal couple.

The bride is a graduate of Mount Union College and is employed as teacher by the Euclid Board of Education.

Mr. Foster attended Baldwin-Wallace College and is employed by Thomas and Associates as a civil engineer.

For her honeymoon to New York the bride wore a beige sheath dress with black accessories.

The couple will be at home at 430-A Kenwood Drive, Euclid.

Parents of the bridegroom were hosts at a dinner party at their home the evening of Aug. 3 following the rehearsal.

Hints From Heloise

By HELOISE CRUSE

DEAR HELOISE: Did you ever get provoked because your flour canister just won't hold five pounds of flour and there you are with flour left over for the weewils?

I solved this! At the same time, I also solved the problem of making gravy. Fill a big, heavy, dry iron skillet with leftover flour and place this in your oven at 250 Deg. Stir this every so often with your fork or pancake turner. Mash out all the little lumps as you stir, until the flour is brown.

At this low temperature, the flour won't burn. It may take a long time, but believe me... the good brown parched taste is well worth it. Be sure to let the flour bake until it is as brown as you can get it. Then store it in any old can or jar with a tight lid.

This concoction can be used in so many things and makes them so much better.

When you fry bacon, chicken or chops... even steak... use this. Then just stir in the proper amount of the mixture into the warm grease for gravy. No need to brown further. Just add milk or

meat stock, season with salt and pepper, and you have the best gravy ever!

I have made a good gravy with this same concoction by adding a couple of cubes of bouillon. Don't knock it until you have tried it. It's terrific!

My mother-in-law browns a little flour in her dry iron skillet on top of the stove when she does not have any made up. This takes constant watching and stirring, but works just as well.

You will have more compliments on your gravy and not much, if any, left. I'll tell you. I hope it helps you lumpy gravy-makers... nary a lump and it's always brown.

FELLOW SUFFERER.

DEAR HELOISE: Me, too! Vinegar does so many things. There is nothing better for cleaning the dirtiest windows and mirrors than pure vinegar on a cloth, followed by wiping with a crumpled newspaper.

That "something" in the newsprint just does it. I believe the damper and more crumpled the paper becomes, the better it is. No lint! Just shine!

For the gals who use typewriters and have big families living in a million different places... do as we do in our family. Invest in typing paper and carbon paper and write the whole bloomin' family at the same time. You will love the results. We do! More letters to send and receive and better news coverage! Also works with pencil and carbon paper or a ball point pen.

35 Attend Leetonia Program

LEETONIA — More than 35 attended Ladies Night at the Leetonia - Washingtonville Kiwanis Club dinner meeting Tuesday evening at the Lutheran Church.

Rev. William Woodall, president of the club, had charge of the meeting. He announced election of officers will be held next month and named Fred Floding, Edward Greenamyre and D. D. Calvin on the nominating committee. Mrs. Woodall led in group singing.

Merle Davis, vice president, introduced Timothy Maina of Kenya, Africa, a student at Crestville School, who told of his native land. Timothy is residing with Mr. and Mrs. Wilmer Vollnogle, RD 2, Columbiana.

THE SKIP-A-WEEK CLUB met Wednesday evening at the home of Mrs. Robert Vargo in Columbiana. Invited guests were Mrs. Merle Caldwell of Salem, Mrs. Richard Forney of Columbiana, Mrs. Francis Perry, Mrs. Len Batcha, Mrs. Wilbur Stratton and Mrs. Lawrence Riles of Leetonia. A surprise shower of gifts were presented to Mrs. Vargo for her new home.

Special contests were arranged by Mrs. Russell Smith and won by Mrs. Riles, Mrs. Batcha and Mrs. Pat Mancuso.

Card game prizes went to Mrs. Riles, Mrs. Charles Grindle, Mrs. Smith and Mrs. Caldwell. A door prize made and given by Miss Susan Wetzel was received by Mrs. Henry Dermotta.

Lunch was served by Mrs. Royce Briggs and Mrs. Pat Mancuso.

THE LADIES AUXILIARY of the Leetonia Volunteer Fire Department will sponsor a bake sale Saturday at Isaly dairy store. The ladies are planning benefit card party Sept. 22.

Mr. and Mrs. Pat Mancuso and family of Springdale, O., spent the weekend with her parents, Mr. and Mrs. Royce Briggs, Miss Susan Wetzel, who had visited for a month with the Mancusos, accompanied them here.

Mr. Arthur

(Continued from Page One)

He called MacArthur the outstanding man of the century.

MacArthur's career as a fighting man covered 52 years and three wars. In World War I he rose to command of the famous Rainbow Division. When Japanese bombs and shells battered Bataan and Corregidor in World War II he departed under orders, but promised: "I shall return."

An island-hopping campaign took him back victorious to the Philippines. After Japan's surrender he was made supreme commander in the Japanese occupation.

When the Korean War broke out, he resumed his fighting role. But in this struggle, he became a central figure in one of history's greatest disputes between civilian and military leaders.

MacArthur wanted to carry the war to the Chinese Reds, by bombing their sanctuary in China. He called also for Chinese Nationalist invasion of the Red mainland. President Harry S. Truman's policy was to limit the war.

Finally, Truman fired MacArthur in 1951. The general came home to tumultuous homage. In a speech to Congress, he made a line from an old barracks room ballad famous by quoting it: "Old soldiers never die, they just fade away."

Spacemen

(Continued from Page One)

A group of youthful Muscovites staged a parade of their own Wednesday as word spread that the astronauts had finally landed.

They paraded through the city carrying big portraits of all four Soviet spacemen and placards with the inscription: "Glory to the explorers of the universe."

Moscow newspapers rang with praise for Nikolayev and Popovich and trumpeted claims that the Communist system was responsible for the amazing feat.

Commentator Georgi A. Zhukov noted in Pravda that President Kennedy "admitted in public that the United States was lagging behind the Soviet Union in space exploration and that the United States is worried over this."

"In the eyes of the whole world this gesture would assume great importance, if it were followed by real steps toward the conclusion of an agreement on general and complete disarmament and the establishment of American-Soviet cooperation in the peaceful exploration of outer space," he said.

Deaths Funerals

Mrs. Smith Funeral

LISBON — Services for Mrs. Mary Smith, 103, who died Tuesday evening at the Columbiana County Home, will be held Friday at 10 a.m. in the county home chapel by the Rev. Frank Hare. Burial will be in the home cemetery.

The body will be removed to the chapel today where it will lie in state until the funeral services Friday.

Mrs. Smith, who would have been 104 years old in October, had been a resident at the infirmary for the past 25 years. She was the widow of George Smith, a highway construction engineer who died years ago.

She left no known survivors.

Clarence McBride

DAMASCUS — Clarence J. McBride, 75, died of complications at 12:10 a.m. today at his home, following a long illness.

Born in Carroll County Oct. 26, 1886, he was the son of Jesse and Mary Gamble McBride and had resided in the East Rochester area, where he was engaged in farming, until moving to Damascus nine months ago. He married Myrtle Thomas Nov. 8, 1905. He was a member of the Augusta Presbyterian Church.

Survivors are his wife, one son, Foster J. McBride of Damascus; one sister, Mrs. Chester Lozier of Minerva; three grandchildren and six great-grandchildren. Services will be at 2 p.m. Saturday at the Maple Funeral Home in Kensington with Rev. Edward R. Escombe, pastor of Damascus First Friends Church, officiating. Burial will be in Bunker Hill Cemetery.

Friends may call at the funeral home Friday evening.

Lanham Infant

EAST ROCHESTER — Grave-side services for the infant son of Mr. and Mrs. John Ray Lanham of East Rochester who was stillborn at 7:45 a.m. today at Alliance City Hospital, will be held at 10:30 a.m. Friday at Sandy Valley Cemetery at Waynesburg. Rev. Ralph Chambers, pastor of East Rochester Methodist Church will officiate.

Besides his parents, the baby is survived by two sisters and eight brothers, and grandparents, Mrs. Lurene Lanham of East Rochester and Thomas Goode of Barnwell, S.C.

FATHER DIES AT 99

John W. Morris, 99, of Everett, Pa., father of Calvin Morris of 1305 S. Lincoln Ave., died of complications at 11 p.m. Tuesday in Everett Memorial Hospital. He would have celebrated his 100th birthday Oct. 3. Besides Mr. Morris he is survived by his wife, Effie, three other sons, Alfred Morris of Westville, Walter and Israel of Everett; and a brother. Services will be at 2 p.m. Friday at Everett.

been using. It will be followed by the advanced C-5 Saturn that will carry the three-man Apollo craft to the moon and back.

Von Braun called the C-5 'the next seven-league stride forward in rocket development; a very, very major project.' He gave this description of the rocket:

It will stand 300 feet tall—taller than the Statue of Liberty—and its take-off weight will be the equivalent of one 707 jet into orbit 300 miles above the earth, drive a 40-ton load to the vicinity of the moon, send a twin-engine DC-3 airplane all the way around the sun, "or boost a Chevrolet out of the solar system. I am not saying how far the C-5 can send a Volkswagen."

Von Braun said good progress is being made on the rocket stages and the engine.

New Guinea

within hours of the signing of the agreement.

Under the approved peace plan, a cease-fire becomes effective at one minute after 7 p.m. Eastern Standard Time, Friday.

Although parts of the settlement are subject to approval by the U.N. General Assembly, which meets Sept. 18, it appeared certain the first steps would be taken by Oct. 1 as agreed by the two nations.

This means a U.N. administrator, supported by a civilian staff and U.N. military force of at least an infantry battalion, will arrive in West New Guinea between Sept. 18 and Oct. 1. The Dutch will start pulling out as soon as the U.N. administrator arrives.

3 Projects At Leetonia Are Discussed

LEETONIA — Mayor Ralph Kennedy reported on the highway meeting with state officials that he recently attended in Columbus when Village Council met Wednesday.

He announced that the village water supply in the strip mine on the Ben Weingart farm will not be bothered when the river-lake highway (Route 11) is built through that area and that a pipe will be installed under the highway to that water can flow from one portion of the mine to another.

Two projects, the removal of beaver dams from Cherry Valley Creek at a cost of \$300, and the cleaning of the creek from Franklin Square Road to the end of the flood project for \$900, were awarded to Chris Gentile.

A transfer of \$1,200 from the general fund to the cemetery fund was made. Council also discussed purchasing lights for the west end of Main Street.

It was announced that Village Clerk Dan Butch and Kenneth Bell, county auditor, will meet Aug. 27 to discuss the 1963 budget which has already been approved by Council.

Butch reported receiving since last meeting \$90 from parking meters, \$274 from sales tax and \$2,900 in an advance on real estate taxes.

Members present last night were Mayor Ralph Kennedy, Dan Cullinan, Chester Whitacre, Dale McCormick, Joe Weikart and Elby Morris. Miss DeErla Smith, village treasurer, and Richard Kleinknecht, street commissioner, also attended.

Humphrey

(Continued from Page One)

was the creation of the only U.S. facility for producing nickel.

"The government's total net outlay to accomplish this is the acquisition of the 95-million-pound inventory at a cost per pound less than the present market price, with every cent of additional government expenditure fully repaid with interest," he said.

Humphrey said the deal that launched the nickel mine at Riddle, Ore., was negotiated under the Harry Truman administration. He said it was completed a few days before he took office in the Eisenhower administration, and was peanuts in comparison with a very much larger project, embracing the building of the \$300-million development of iron mines in Quebec and Labrador on which he was working at the time.

He said the government advanced some \$25.6 million to get the project going and has been repaid the whole amount, plus 5 per cent interest.

The total net outlay by the government, he testified, was \$67.2 million, which comes to 71 cents a pound for 94.7 million pounds of nickel.

He gave the market price of nickel at 75 to 77 cents per pound. If Hanna hadn't provided the nickel, he said, the only alternative would have been to go to Cuba or Canada.

Under the contracts the Hanna company developed a nickel mine at Riddle, Ore., which produced and delivered ore to the government at a price of \$6 or more a ton.

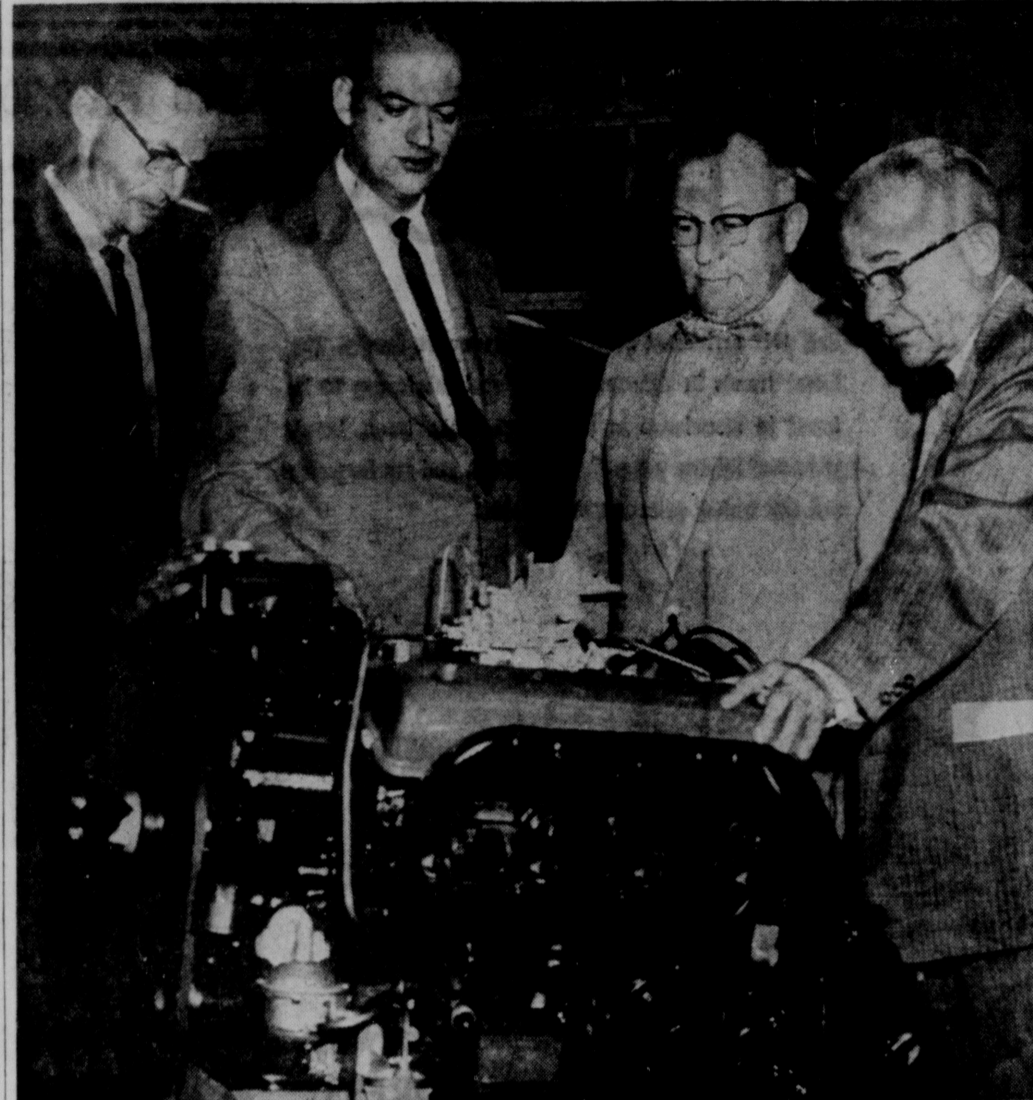

A separate wholly owned Hanna subsidiary smelting company was set up to process this ore at cost, with the government paying some \$22.3 million for the plant, and a guaranteed price per pound for the nickel it produced.

Near the completion of the contract, the Hanna interest acquired this smelter for \$1.7 million last year with government witnesses placing its current value at around \$19 million.

These same witnesses testified that Hanna mining earned more than \$15 million gross profits—and more than \$10 million of net profit—in the 1954-61 period on the nickel ore production.

They also said a shift of all profits from the smelter to mining company permitted depletion allowances of more than \$5 million and resulting tax benefits of some \$1.2 million.

Sworn testimony about destruction

SCHOOL GETS ENGINE—Fred W. Clause, sales manager at Bud Shaffer Ford, and John A. Scatterday, service instructor representative for the Cleveland district sales office of the Ford Motor Co. (l. to r.) presented a 1962 Ford V-8 engine, complete with electrical system and clutch assembly, to Salem School Superintendent Paul E. Smith and Holland Cameron, director of the Salem School of Technology, in ceremonies at the school recently.

The engine will be used at the School of Technology to train student auto mechanics. Scatterday said the presentation was part of the Ford Company's program to provide deserving schools with modern equipment. He also cited the great demand for capable auto mechanics.

Columbiana Swim Team Wins Meet

The Columbiana swim team splashed to its fifth win in six starts, by defeating Salem and Lisbon in a triangular meet Wednesday at the Centennial Park Pool before some 250 spectators.

Columbiana chalked up 164 points, with Salem finishing second, totaling 103½ markers and Lisbon bringing up the rear with 51½ points.

Salem is now 0-4 on the season while Lisbon has won one meet in four tries.

Attending last night's affair were Salem Park Commission members, Ben Barrett, Ralph Mancuso and Dr. William F. Stevenson; James Aldom of the city council park committee; F. S. Barchhoff, Jr., city engineer, and Rusty Tomlinson, park superintendent.

Greenford To Hold Tax Meeting Monday

GREENFORD—A public meeting to discuss Mahoning County tax rates will be held Monday evening at 8 in Greenford School, sponsored by the Green Township trustees and the local citizens tax committee.

Representatives from the offices of county auditor, treasurer, commissioner and prosecutor have been invited.

The local group wants to know, among other things, what adjustment is going to be made on second-half taxes.

2 BITTEN BY DOGS

Larry Upholder of 192 W. Pershing St. reported to police that he was bitten on the right leg by a dog owned by Fred Bell of 162 W. Pershing St. at 8:30 a.m. Wednesday. Upholder was treated at the Central Clinic.

Laura Rohaley, 5, of 601 W. 8th St. was bitten on the back of the left leg by a dog owned by Jerry Anderson of 479 W. 6th St. at 12:40 p.m. Wednesday.

FIRE CALLS ANSWERED

City firemen investigated two grass fire calls Wednesday, with no damage resulting in both cases.

At 1:57 p.m. firemen were called to the residence of Mrs. Frank McKenzie of the Pine Lake Rd. and at 7:05 p.m. the Pennsylvania Railroad called to report a fire along Allen Rd.

Senate Group Still Probing Estes Scandal

WASHINGTON (AP) — Sen. Karl E. Mundt, R-S.D., says that even after Billie Sol Estes was arrested "the Agriculture Department was still seeking methods by which concessions already granted to Estes could be legalized."

Mundt cited as evidence a department memorandum made public Wednesday by the Senate Investigations subcommittee.

A House Government Operations subcommittee released testimony by an ousted Agriculture Department employee, linking the names of several congressmen to Estes.

Both the Senate and House groups have been trying to determine if the Pecos, Tex. promoter benefited from political influence in building a now-bankrupt empire on federal farm aid programs. John C. Bagwell, the Agriculture Department's general counsel, told the Senate subcommittee Wednesday that a last-ditch effort was made last spring to legalize farm aid cotton acreage allotment deals similar to those of Estes.

The Texan already had been arrested on federal and Texas fraud and theft charges. He now is awaiting trial.

Bagwell acknowledged he had written the memo, approving a proposal to bring new third parties and new money into three cotton deals. He said the maneuver could not have helped Estes even if it had worked and that he never suspected Estes was behind the proposal.

Besides, Bagwell said, Secretary of Agriculture Orville L. Freeman vetoed the proposal. A week later the department canceled the allotments for Estes and others and levied heavy penalties for overplanting.

Mundt said the memo showed the department was trying to find a way for Estes to be allowed to keep the allotments.

Sebring Man New Sanitarian Here

Roger Gartrell, 23, of Sebring has been appointed city sanitarian to succeed Angelo Vivino, it was announced today by the Salem Board of Health.

Vivino resigned several weeks ago and his resignation was effective Wednesday. He is now associated with the state board of health in Cuyahoga Falls.

Gartrell, the son of Mr. and Mrs. Noel Gartrell of 176 W. Michigan St., is under a training program with the state board of health, working in conjunction with the city health department. He will serve in this training program from four to six months. While under the program Gartrell will receive the monthly salary of \$508 but will not be paid for his days off.

He attended Mount Union College for two years and Kirksville (Mo.) State Teachers College a year and a half. He plans to complete his work toward a degree within the year.

The new sanitarian is married to the former Mary Lou Buehler of Alliance. They plan to move to Salem.

Tennis Courts

(Continued from Page One)

"Rusty" Tomlinson, superintendent of parks and recreation, and the Park Commission.

Last May 1, City Council by a 5-2 vote authorized the commission to advertise for bids and enter into contract for construction of the courts. A similar ordinance had been defeated in Council the previous year by a 4-3 vote.

Councilmen opposing the measure said they believed the \$17,000 could be better used on more important park improvements.

The Park Commission has indicated the tennis courts will be the last capital improvement at Centennial Park for some time. Most available funds for the next few years will be used to improve the newer and less developed Water-Memorial Park in the north end of town.

Funds for park capital improvements come from a half-mill operating levy.

In other action last night, the park commission is going to request that city council pass an ordinance authorizing the commission to advertise for bids and enter into contracts for the purchase and construction of approximately 450 feet of six-foot chain link fence. The fence will be constructed along the south property line of Kelley Field on Prospect St.

Kalbfell Children Leave City Hospital

Marie Annette Kalbfell, 13, and Joseph Lee Kalbfell, 4, children of Mr. and Mrs. William Kalbfell of RD 3, have returned home from Salem City Hospital where they were admitted Friday evening for treatment of injuries received in a highway accident near their home.

They were injured and two brothers, David, 11, and Frank, 5, were killed when hit by an automobile driven by Richard W. Dickey, 19, of 550 Ohio Ave., as they walked along Cunningham Road near their home.

Dickey lost control of his car when he applied his brakes after noticing the children as he came over the crest of a hill, the State Patrol reported.

With the Patients

Debbie Bogg, 7, daughter of Mr. and Mrs. Robert Bogg of Rogers, recently underwent a skin grafting operation at Salem City Hospital. She was burned 10 days ago while playing with matches at her home.

Holdup

(Continued from Page One)

partment has been hit by a big holdup."

The burned sedan, a stolen 1960 brown and white Oldsmobile, was found on an unpaved street in the Mattapan section of Boston. Its trunk held several highway detour signs such as the holdup gang used to block the northbound lane of Route 3 in Plymouth while they ambushed the truck at 8 p.m. Tuesday.

Massachusetts State Police Capt. Michael J. Cullinane, chief of detectives, said he believes the car was used by the gunmen—one of possibly eight cars used in a smooth, quick, apparently carefully planned stickup.

Police showed interest in a second stolen car that burned in the West Roxbury section of the city but could not connect it with the robbery.

The truck crew—driver Patrick R. Schena, 36, of Everett, and guard William F. Barrett, 51, of Mansfield—both World War II veterans—spent hours studying photographs of known criminals on Wednesday and faced more of the same chore today.

Inspector White said Schena and Barrett are not under suspicion. The two men led investigators over the route their truck took from Barnstable on Cape Cod. The truck carried cash from Cape banks consigned to the Federal Reserve Bank of Boston.

self the Voice of Local 107. The Voice seeks to oust local leadership, faithful to the Teamsters international president, James R. Hoffa, and to quit the union to join the AFL-CIO.

The disturbance Wednesday night was started when some 200 dissidents were pushed back by police from a picket line at the Smith Transfer Co., where they were protesting the replacement of Voice Drivers by men loyal to the local leadership.

News of Interest to Farmers

WASHINGTON (AP) — A new fight, rivaling that waged for years between butter and margarine is developing between animal fats and vegetable oils. The outcome could have significant effects on farm production patterns.

At the center of this rising conflict is the question of whether the animal or vegetable fats have a relation to levels of cholesterol in the blood—a substance suspected by some medical authorities of having an influence on the hardening of the arteries associated with heart troubles.

Producers of animal fats—particularly dairy fats consumed in the form of butter and cream as well as in whole milk and other

dairy products—are protesting claims of distributors of some vegetable oils that the latter products are more healthful than the animal fats.

The latest flareup between the two classes of food fats was touched off by a statement of the American Medical Association, offering guidance to physicians for experimenting with fats in diets of patients with heart and associated diseases. The statement has been interpreted by some as an endorsement of vegetable fats over animal fats.

WASHINGTON (AP) — Last year's tobacco crop put a record \$1.3 billion into pockets of growers, the Agriculture Department

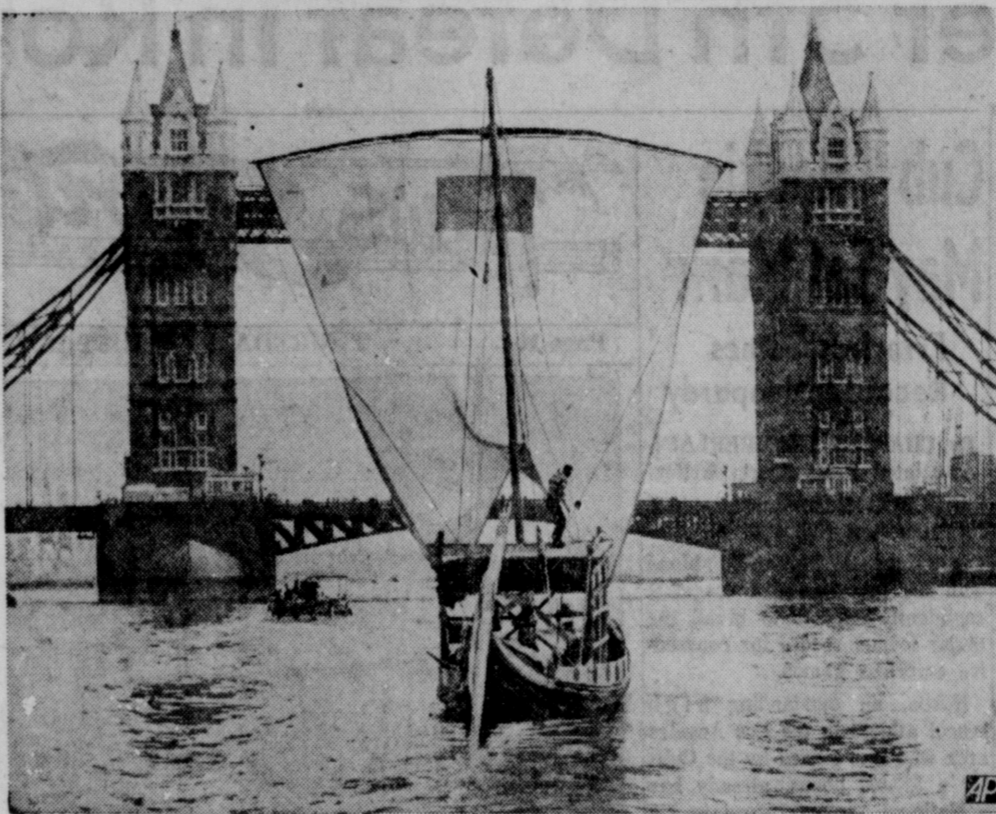

reported today. This topped the previous record, set in 1955, by \$95 million.

WASHINGTON (AP) — Labor costs for marketing domestic farm foods to civilian consumers reached a record high of \$18.9 billion last year. This was \$500 million more than in 1960.

The labor bill last year was nearly 50 per cent higher than 10 years earlier.

Reporting this, the Agriculture Department said the amount paid labor was only \$1.9 billion less than the amount farmers received for the food products and raw materials they sold last year.

WASHINGTON (AP)—The Agriculture Department's Economic Research Service had found in a survey that less than one-third of the nation's farm youth are attending college. This compares with about half the youths in urban areas.

SIGHT ON THAMES—A Portuguese river boat, one of the picturesque craft which carry casks of wine down the Douro river to Oporto, sails toward London's tower bridge. Craft, one of the six still in service, is visiting the British capital.

School Bands Named To Play At Fair

LISBON — Columbiana County Fair Board members have nominated five bands to play at the 117th annual fair which opens next week at the county fairgrounds.

for Tuesday; Lisbon High School Band on Wednesday; Leetonia High School band on Thursday; Salineville High School Band on Friday and Beaver Local High School band on Saturday. Each band will lead the live-stock parade each evening, play for races and will give concerts in different areas of the fair grounds during each day's activities.

Dodgers Suffer 5th Defeat In Row, Lose 6-3 To Pirates

Giants Dropped By Cubs; Reds Victors

By JIM BECKER
Associated Press Sports Writer
Today is an anniversary that is marked in the city of Los Angeles with considerably less enthusiasm than is displayed on holidays or even Walter O'Malley's birthday.

When this day dawned exactly a year ago, the Dodgers were in first place in the National League for the last time in the season, and all was not well.

Reds Take Sweep
And when Aug. 16, 1961, was over, the Cincinnati Reds had shut out the Dodgers twice to complete a three-game sweep and take over first place.

When the returns were in, the

Dodgers had gone 26 innings without a run and had lost four straight. They went on to lose 10 in a row.

Anything sound familiar?
Well, the Dodgers lost their fifth straight Wednesday night, 6-3, to the Pittsburgh Pirates, as their fielding collapsed and their big hitter, Tommy Davis, went hitless for the third straight game.

And the Reds trimmed the Milwaukee Braves 4-3, behind Bob Purkey, who won his 18th. Frank Robinson drove in three runs with two homers and took over the league batting lead with a .342 mark.

The San Francisco Giants remained 1½ games back in second as they dropped a 7-5 decision to the Chicago Cubs.

The St. Louis Cardinals dropped their second straight to the Houston Astros 3-1. And the Philadelphia Phils trimmed the Mets in a doubleheader, 9-3 and 8-7 in 13 innings.

Cub Rookie May Set Mark

Errorless Games Record In Jeopardy

By CHARLES CHAMBERLAIN
Associated Press Sports Writer
CHICAGO (AP)—Rookie second baseman Ken Hubbs of the Chicago Cubs a 20-year-old blond with the litherness of a cowpoke, confidently expects to break the major league record for consecutive errorless games.

Hubbs, an outstanding high school athlete in the Los Angeles area who was signed by the Cubs for a \$20,000 bonus, already has a National League record in his pocket.

As the Cubs knocked off the San Francisco Giants 7-5 Wednesday, he went through his 58th and compiled a string of 321 flaw-straight game without an error less chances (135 putouts and 186 assists). Both are records for second basemen.

They top the streak of 57 games of Red Schoendienst with St. Louis in 1950 and his streak of 320 perfect chances.

The major league mark is 73 games and 414 consecutive chances by Bobby Doerr of the Boston Red Sox in 1948.

"Sure, I know I've got a long way to go to beat Doerr's mark, but that's my goal now and I'm shooting for it," says Hubbs. "Tenseness naturally builds up when you are trying to break a record. There is no use kidding yourself that it doesn't."

Boston Nips Buffalo 12-7 On Pair of FG's

Early AFL Exhibition Tilts Show Defense-Minded Teams

By JACK CLARY
Associated Press Sports Writer
Is the American Football League all of a sudden getting defensive-minded?

If the scores of the early exhibition games are a criterion, there has been a definite swing away from the wild and woolly, free-throwing, pass-happy games of the past two years.

Now, things have taken a reverse swing with all of the clubs except champion Houston, which has the loop's most potent offense — one that has taken it through 13 straight games since last season without a loss. Houston has scored 33 points in its two exhibition victories this year.

Latest testament to emphasis on defense was Boston's narrow 12-7 victory over the Buffalo Bills before 22,112 fans in Buffalo Thursday. It took a pair of last period field goals by Gino Cappelletti of the Patriots to nail down the victory after Boston's defense had held the Bills scoreless through three periods.

Only the New York Titans have been able to average three touchdowns a game, scoring 7 points in their two losses. Among the other teams which have played twice Boston has averaged 16, Buffalo 14, Oakland 12 and Dallas 6. Denver and San Diego each scored 17 in their only outings.

It is doubtful if things will be as quiet in Washington tonight when the Baltimore Colts meet the Washington Redskins in a National Football League exhibition.

Detroit Gave Aguirre Chance

Responds As Starting Pitcher With 10 Wins

DETROIT (AP)—It was a bitter cold winter day and Hank Aguirre, about to head for spring training, made a proclamation—I want to be a starting pitcher this year.

The Detroit Tiger southpaw is a jokemaker and his listeners merely laughed. It sounded like another of his funny remarks.

After all, here is a veteran pitcher past his 30th birthday with little in his record to recommend him as a starter for a pennant-hopeful club. He was a bullpen performer most of his career and Manager Bob Scheffing hesitated to use him even in relief last year. In seven previous seasons he had a grand total of 18 victories and in his best year he was a five-game winner.

Scheffing gave Aguirre a couple of exhibition game trials and watched him get bombed. So Scheffing stopped using him.

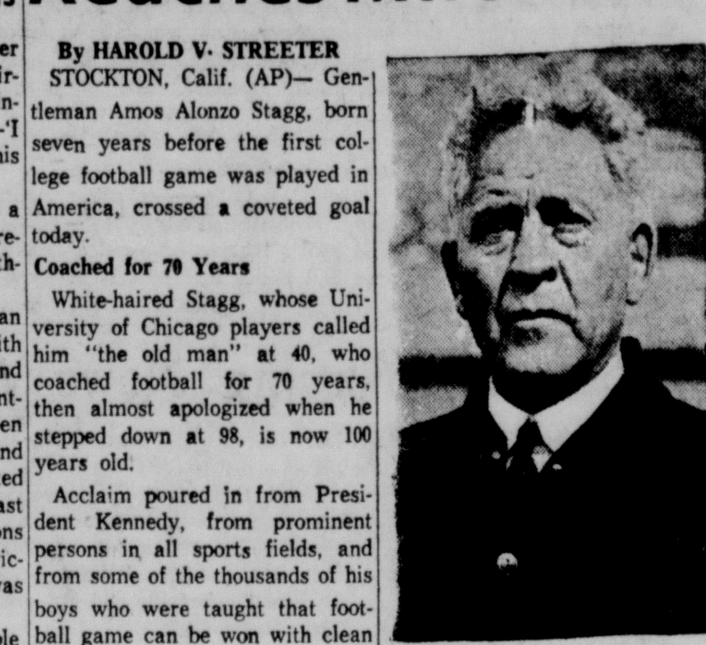

Aguirre came north with the Tigers in danger of losing his job. "I started the year just trying to make the ball club," Aguirre recalled Wednesday after recording his 10th victory, a four-hit 3-1 masterpiece over the Baltimore Orioles.

Aguirre finally got his chance as a starter in late May when Scheffing's staff was at the point of collapse.

Aguirre responded by hand-cuffing the New York Yankees 2-1 in been out of the rotation since and has three victories over the Yanks and three more over Baltimore.

Celebrates 100th Birthday Today Football's Stagg Reaches Milestone

By HAROLD V. STREETER
STOCKTON, Calif. (AP)— Gentleman Amos Alonzo Stagg, born seven years before the first college football game was played in America, crossed a coveted goal today.

Coached for 70 Years
White-haired Stagg, whose University of Chicago players called him "the old man" at 40, who coached football for 70 years, then almost apologized when he stepped down at 98, is now 100 years old.

Acclaim poured in from President Kennedy, from prominent persons in all sports fields, and from some of the thousands of his boys who were taught that football game can be won with clean play and strict adherence to the rules.

But, as birthday dinner celebrations were readied in 12 cities across the nation tonight, perhaps the biggest tribute was paid by the exasperated head nurse at the convalescent home on North Edison where Stagg has been since a knee ailment developed last February.

"That man," she said, "insists upon walking and walking and walking until he has all his nurses just about walked to death." (He was still running sprints with his squads in his 80s).

Birthday dinners for the only man ever to make football's Hall of Fame both as a player and coach are being held in:

West Orange, N.J., where Stagg was born, a cobbler's son, Aug. 16, 1862.

Springfield, Mass., where he started his coaching career in 1890.

Chicago, where he coached from 1892 until he had to retire at the age of 70, producing such gridiron giants as Walter Eckersall and beating Fielding H. Yost's great point-a-minute Michigan team in 1905.

Boston; East Hampton, Mass.; Annapolis, Md.; New York; Phil-

adelphia; Seattle; San Francisco; Los Angeles—and Stockton where he closed out his coaching career in 1960.

The big unanswered question is if Stagg himself will make it.

Has Cataracts Over Eyes
He has cataracts over both eyes, scarcely can see and his beloved Stella—a twice-a-day visitor to the convalescent home—reads him his fan mail (she also answers it herself on a typewriter).

He has to be supported when he walks. But his mind is alert.

"If he wants to go, he'll make a brief appearance," said his son, Dr. Paul Stagg, athletic director at the University of the Pacific.

"I never anticipated living to 100," says the man who has stuck strictly all his life to a creed of no smoking, no drinking and no swearing.

Grand America Trapshoot Set

Action Gets Started Friday At Vandalia

By FRITZ HOWELL
Associated Press Sports Writer
VANDALIA, Ohio (AP) — The boom-boom starts Friday in the 63rd annual Grand American Trapshoot, and in the next nine days more than a million and a half 12-gauge shotgun shells will be fired.

The vanguard of some 2,800 shooting stars moves in Friday for the first of three preliminary days of firing. Actual championship races, on which hang some fabulous purse payoffs, start Monday.

Practically all the states and Canadian provinces will be represented by the dead-eye Dicks Doras, and the shotgun blasts will ring across the Miami Valley from dawn to dusk.

Heaviest interest centers in the handicap races, in which shooters are placed from 18 to 27 yards back of the traps from which the targets emerge. Increased prowess means added yardage, so the better gunners are far back.

Despite a radical change in the payoff method, the winner of the Grand American Handicap—scheduled a week from tomorrow—can win more money than ever before. Instead of the entire field shooting shoulder-to-shoulder for the top spots, the leaders on the various yard lines will get the big rewards.

Second-Raters Get Loot

In former years the premier clay busters have protested they had little chance against their lesser known opponents, since the difference in yardage more than made up for the difference in skill. As a result, the lion's share of the loot has invariably gone to the second-raters.

But under the new plan everyone has an even chance at the money with the new share the wealth plan in effect.

Even in the 16-yard races, in which all compete from the same yard line, a new deal is set. In the past only the hot-shots, able to break 200 straight in the regular race and several hundred more in shootoffs, had a chance at the heavy money.

This year's class, from AA through L, set on the year's averages—cut up the melon on even terms.

To qualify for cash an AA shooter must break 198 of 200 in the 16-yard races; Class A 197, Class B 196, Class C 191, and Class D 188.

Most of the money comes from the option purses, in which each shooter wagers on his own prowess. Only the amateurs are permitted to win option or purse money, the professionals being limited to trophies. In practically all other sports, the opposite is true.

Many Marksmen Are Campers

Hundreds of the marksmen will live in trailers, tents or station wagons for the nine-day affair. Many cook their own meals. Some bring the entire family—kids and all—to the big event. Entrants range from 10 to 80 years in age.

More than 40 tons of leaden pellets will be spewed along the half-mile firing line—and much of it will be recovered later in a harvesting maneuver which skins up the first three inches of soil and drops the shot from a shredder into containers.

Sonny Liston Opens Camp For Title Bout

CHICAGO (AP)—Sonny Liston opens training sessions at Aurora Downs race track today for his Sept. 25 heavyweight title bout with Champion Floyd Patterson in Chicago.

Patterson failed to take advantage of his prior rights to Aurora Downs and probably will establish his training camp at Marycrest Farm in nearby Elgin when he arrives Monday.

High Schools Open Summer Football Practice Friday

Salem's Grid Fortunes Depend On 8 Letter Winners

3 Head Coaching Changes In Area

By BOB JULIAN

King Football returns to dominate the local scholastic sports scene again for the next five months as 26 area high schools prepare to issue shoulder pads, helmets, jerseys, thigh pads, shoes, etc., to some 1,300 grid hopefuls who will report for the opening of summer practice tomorrow.

Three of the 26 schools, Greenford, West Branch and Salineville will greet new head coaches in one of the smallest turnovers of high school mentors in the area in several years. Last season eight new head coaching changes were made among the area schools.

TAKING OVER AT Greenford,

in place of Jerry Morey who resigned to take a position in the Austintown Fitch system, will be Al Carrino. Carrino has been at Columbus Grove Local High School for the past six years and is a Youngstown resident.

Salineville's new mentor is Lewis Higgenbotham who comes from Uhrichsville High School where he was assistant for the past three years. Higgenbotham replaces Dick Jones who resigned.

Ron Dierks, a 22-year-old June graduate of Muskingum College, will direct the West Branch grid fortunes this coming season. Dierks, who was expecting to be an assistant for the Warriors this year, was handed the head coaching post when Al Campana resigned to take a teaching and assistant coaching post at Struthers.

Campana was hired as head coach recently to take over when Ralph Zurburg resigned to accept a position at Central High School in Muncie, Ind. Dierks was to be Campana's assistant coach.

Twenty-one area aggregations will vie for honors in three leagues, Tri-County, Inter-County and the Turnpike Conference, while five teams are independents. Mineral Ridge was added to the Inter-County field this year. The Ridgers have been playing organized football for three years.

Independents

Salineville

New coach Lewis Higgenbotham will be trying to pick up the pieces for the Indians who had a dismal 1-6-1 record last year. Forming what looks like a good nucleus for the Indians will be seven lettermen, of which six are seniors and one a sophomore.

HEADING THE LIST of returnees will be Jimmy Carter, a 180 lb. center who will be seeing his fourth year of action. Other seniors include Dick Bettis, a 140 lb. end; Dick Ferguson, a 175 lb. tackle; Bill Francis, a 140 lb. back and Garl Tolson, a 160 lb. tackle.

The lone sophomore is Delana Jenkins, a 150 lb. backfield man. Higgenbotham disclosed that the team will be hurting because of inexperience. A big problem will be to find a quarterback.

Beaver Local

Third team All-Ohio choice Dave Myers, a 170 lb. senior guard, heads a list of eight returning lettermen that will meet Coach Jack O'Rourke tomorrow. O'Rourke is counting heavily on 165 lb. senior end Gary Bookman, 195 lb. senior tackle Roger Walker and 230 lb. senior tackle Keith Berger, all lettermen, to bolster the defensive unit.

ON OFFENSE OTHER lettermen that O'Rourke is hoping will come through are Gary Berhar, a 200 lb. senior end; George Gaydos, a 175 lb. senior fullback, and 155 lb. senior halfback Larry McLaughlin. McLaughlin is the brother of Ronnie, leading scorer in the county two years ago.

The eighth letterman is 175 lb. junior guard Gary McKinney. O'Rourke will find it hard to replace such outstanding boys as Carl Hoppel, Francis Passage, Mike Klembara and Gary Rambo. In an effort to use his lettermen to the best advantage, O'Rourke may move Walker to an end spot; Bookman to center, and bring up 225 lb. junior tackle Ken Mathey from the reserves.

The Beavers must find a quarterback to replace Klembara. Possibilities are Jim McLaughlin Jr. and Norm Gaydos, both sophomores and freshman Dennis Horger. Beaver had a 7-1-2 record last year.

East Liverpool

The Potters will have 18 lettermen coming back for another season with 10 of them being juniors. Coach Bob Hedmond reported that "if our juniors come through a year early, we have the possibility of a fair season." Last year East Liverpool had a 3-7 mark.

Heading the list of returnees will be two big tackles. Senior Tom Graham tips the scales at 220 lbs. and junior Bud Manley carries 210 lbs. on a 5-9 frame.

OTHER SENIOR lettermen are guards Scott Masuraca, 190 lbs., Bob Parsons, 180 lbs. and Jim Wilson, 150 lbs.; Ron Kennedy, a 160 lb. center; Floyd McElhane, a 150 lb. end; Tom Kraft, a 165 lb. halfback and Len Oliver, a 195 lb. fullback.

Junior returnees include quarterback Charles Baker, 165 lbs.; halfbacks Bob Boyler, 160 lbs., Bob Mercer, 150 lbs. and Earl Olmstead, 165 lbs.; centers Bruce Burdick, 170 lbs. and Jim Hughes, 165 lbs.; ends Bill Hall, 185 lbs. and Randy Stover, 170 lbs. and tackle Dale Oliver, 195 lbs.

Hedmond expects to have three other seniors, four extra juniors and eight sophomores that could break into the lineup.

Wellsville

Coach Ken Woods will be out to improve a 5-5 record which the Bengals chalked up last year and he has eight returning lettermen, all seniors, on which to build.

None of the letter winners are big as tackle Mike Welch tips the scales at 170 lbs. as the heaviest man. Coach Woods will find it hard to replace quarterback Roger Ours and fullback John Euill in the backfield while on the line Mike Thompson will be missed at guard.

OTHER LETTERMEN include halfbacks Mark Leyda, 145 lbs., Alvin Thompson, 160 lbs., and Dan Corbisello, 155 lbs.; linemen Roger Miller, 160 lbs., Jack Cutada, 160 lbs., Andy Dash, 165 lbs. and Ed Boehm, 150 lbs.

When Gene DePouso, a 210 lb. junior tackle, was killed in an auto accident in December the Bengals lost a good lineman. "If we find a quarterback we will be an average team," Woods declared.

Tri-County

Lisbon

A major rebuilding of the line faces Coach Bud Bucher and his staff. Bucher will construct his front wall around returning lettermen Larry Peruchetti, a 220 lb. senior tackle and Dick Rose, a 165 lb. junior guard.

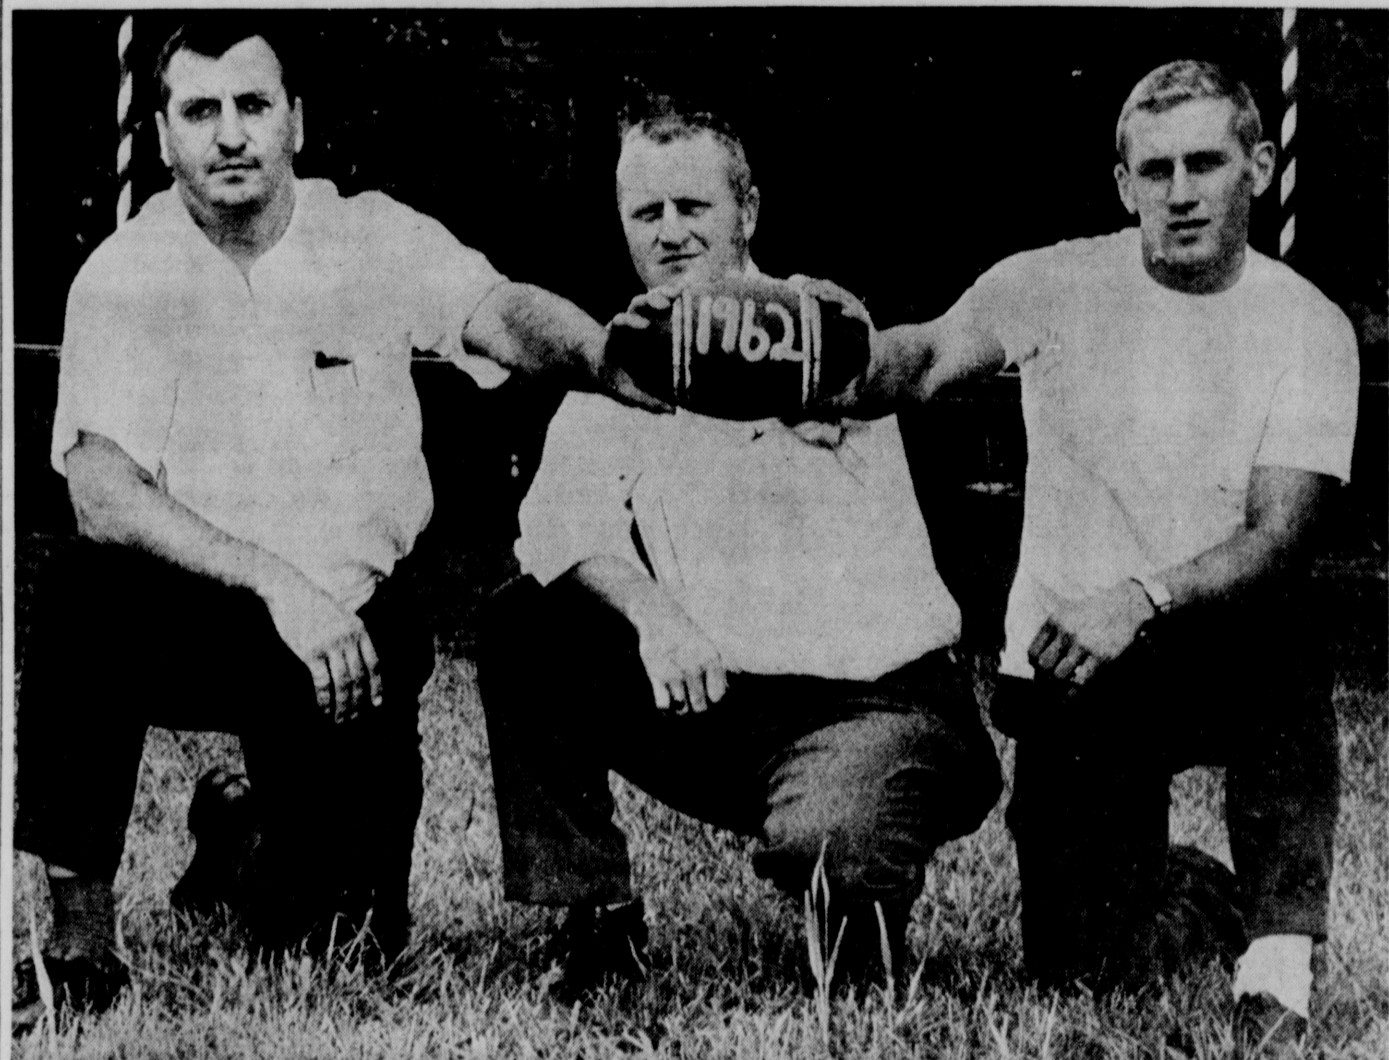

The backfield was expected to be all set with three regulars returning. However, Bucher received a jolt when he learned 200 lb. senior fullback Gary Peruchetti would be lost for the season. Peruchetti has contracted a virus infection of the nerves which affects the muscles of the body. After he is released from the hospital doctors have ordered a rest at home.

The No. 1 replacement for Peruchetti at the fullback slot is 165 lb. sophomore Gary Rutter. Bucher said that Rutter has more speed but that Peruchetti was more of a power runner.

Bucher now is counting heavily on Larry McPherson, a 210 lb. senior quarterback, and Dave Rose, a 175 lb. junior halfback to be his one-two punch in the backfield. McPherson missed eight weeks of action last year because of a broken arm.

Other lettermen are Dave McPherson, a 165 lb. junior quarterback; David Pannier, a 175 lb. senior end; Bill Thompson, 155 lb. senior guard; Walter Thorne, 160 lb. senior guard and Walter Thorne, a 180 lb. senior end.

Bucher pointed out that the team should possess better overall speed. "Our outlook depends a great deal on the boys moving

NEW HEAD COACHES — Three head coaching changes were made among the 26 area high schools this year in one of the smallest turnovers in several seasons. Pictured (l. to r.) are Al Carrino of Greenford, Lewis Higgenbotham of Salineville and Ron Dierks of West Branch.

Greenford's mentor replaces Jerry Morey who resigned to accept a position in the Austintown Fitch system. In coming to the

Bobcats, Carrino brings a winning record having posted a 41-18-3 mark the past six years at Columbus Grove Local, near Lima.

Higgenbotham takes over at Salineville from Dick Jones who stepped down from the coaching ranks. Dierks, a June graduate of Muskingum College, is 22 years old and will attempt to fill the shoes of Ralph Zurburg who gave Warrior fans a winning brand of football. Zurburg resigned to accept the head coaching post at Central High School in Muncie, Ind.

Beery, Johnson, Capel Mainstays

By LYNN BROWNE

Eight returning lettermen—six seniors and two juniors—will form the nucleus of the 1962 football edition of the Salem High School Quakers when Coach Blaine Morton sends his charges into their first practice session tomorrow morning at Reilly Stadium.

Heading the list of lettermen will be tri-captains Bill Beery, George Johnson and Dave Capel.

Beery, a 180 lb. quarterback, will be directing the team for the second consecutive season and will be taking the snap-back from Johnson, who tips the scales 190 lbs. and is also in his second year as a regular. Capel, a halfback, makes up for his slight 140 lbs. with good speed and fierce aggressiveness.

Other senior returnees gracing the team are Dick Stark, a 140 lb. halfback; Bill Winters, who holds down a tackle slot; and Bob Hasson, a six-foot, 150-lb. end.

Juniors George Begalla and Lloyd Adams, both of whom won letters as sophomores, will also add experience and depth to the squad. Adams weighs 190 lbs. and plays tackle exclusively while Begalla distributed his time last season between tackle and fullback.

Questioned on the outlook for the upcoming season, Coach Morton indicated it was a little early to be predicting, but he did say he felt the team has a good possibility to equal—if not improve upon—the 6-4 record his gridders racked up last year.

“THE BIGGEST responsibility rests upon the seniors,” he declared. “In football it's hard to have a take-charge individual; the seniors as a group have to accept the burden.”

Although looking forward to a winning season, Morton was quick to point out that the big “if” in football still applies. “If” we don't have any unforeseen injuries, things could turn out all right,” he summarized.

The Quakers will face just one new foe this season. Ashland will replace Struthers in the opening slot on the locals' card. Ashland, the seat of Ashland County, has 14 returning veterans and, according to Morton, played a “whale of a game” before losing to Dover last season. Dover trounced the locals 30-6 in the season's finale.

According to Morton the biggest problem he and his staff face at this point is replacing men lost from last year's team via graduation. Missing from last year's squad will be tackles Butch Crawford and Ty Enders, fullback Fred Kaiser and halfback Dave Edling.

THE HEAD MENTOR feels that filling the tackle spots vacated by Enders and Crawford will be another major headache. But, on the other hand, he is pleased with the outlook in the backfield. Although lacking an individual powerhouse runner, Morton believes as a unit, it is highly capable.

From all indications of advanced sale of season tickets, the 1962 squad will play before capacity crowds throughout the season. One of the big attractions appears to be the replacement of the old lighting system at Reilly with a new one which will more than triple the illumination.

turning lettermen in what Coach Glenn Sutherland terms, “the best team that we have ever had.” Last year the Lions finished second in the loop and had an overall 9-1 record.

The backfield has been playing together for four years. Larry Simms, a 150 lb. senior halfback and Frank Haynam, a 180 lb. senior fullback are the big guns among the backs. Other members of what Sutherland expects to be the “strongest point” of the eleven are Captain Jim Unkefer, a 155 lb. halfback and Tom Knight, a 150 lb. quarterback. Both are seniors.

LINEMEN RETURNERS, besides Donaldson and Scott, are Ned Casale, Ron Seibel and Don Moore at tackles; Gary Obney at guard; Dave Simms at center and Dick Mount at end. All are seniors except Simms and Moore who are juniors.

Missing from last year's powerhouse include Gary Nigro, Willie Bingham, Dave Finefrock, Bob Wunderle and Dave Dorm. All have graduated.

LILLICK POINTED OUT. "We will be smaller than most teams we face but our improved speed and a coming backfield will offset the lack of size." The Louisville mentor added, "Our biggest holes to fill will be on the line, however we do have some regulars back with experience on the front wall."

The Leopards were hit with a series of injuries last year and

"We realize that we have a great deal of work to do and not knowing the personnel will make it even more difficult," expressed new Head Coach Ron Dierks.

Dierks, a June graduate of Muskingum College will have eight returning lettermen back from last season's squad that posted a 6-3-1 record. Leading the returnees will be seniors Howard Rhodes, a 200 lb. tackle and Tom Thurber, a 160 lb. halfback.

OTHER LETTERMEN are juniors Gary Barber, a 165 lb. quarterback who played in the shadow of Chuck Wilson for two years; Phil Sharp, a 190 lb. tackle and John Yeapley, a 175 lb. end. Seniors include ends Charles Baxter, at 150 lbs., and Jim Gerber, at 180 lbs.

Dierks said that it looks like the entire backfield will have to be rebuilt as regulars Dave Knoedler, Wilson and Norm Wallace all have graduated. The new mentor also remarked that the line will need some reworking with Ernie Bjorkman, Tom Eddy, Tom Griffith and Tom Roberts missing this season.

Reserves Jeff Eshelman, Jim Longbardi, Jim Peach, Randy Reed, Gary Smith, Bill Stanley, and Gary Visi will be counted on heavily, the new coach reported.

Confield

Eleven lettermen hold the hopes of the Cardinals this year as Coach Jack Peterson and his staff set about the task of improving last year's 3-6 mark.

Senior Ray Cessna, a 220 lb. tackle, heads the list of returnees along with other seniors Pete Ort, a 190 lb. 6-4 end; Rich Felders and Jeff Russell, a pair of 185 lb. tackles. Mark Segreti, Jeff Thompson and J. B. Stephens round out the 12th grade letter winners.

Junior monogram winners are Joe Arnoto, Don Stack, Tony Grazino and Ed Rodgers. The Cardinals lost the three Hood brothers, all lettermen, because they moved out of town.

Peterson is expected to get a lot of mileage out of four of last year's reserves. Randy McPhee, Jack Branhart, Bob McCrackers and Richard Heck.

The Cardinals coaching staff will find it hard to fill the shoes of quarterback Bill Arnold and Ron Cook, who have graduated.

Springfield Local

All-Conference linemen Dick McPherson, a 150 lb. guard and Don Weyant, a 170 lb. end, head a list of nine returning monogram winners reporting to Coach Frank Mancini tomorrow.

"The outlook for the coming season is good," Mancini disclosed as he is counting on his lettermen to carry the load. The line seems to be the strongest asset for Mancini's eleven as six of the returnees are linemen.

JON RICKY and Dale Moats, regulars as sophomores, will be back to bolster the line. In the backfield, 205 lb. junior fullback Walter McKinney is expected to be the mainstay. McKinney joined the team in mid-season because of an injury and has since undergone surgery.

Also expected to carry the pigskin is senior Don Rauch, a 160 lb. quarterback. Gary Myers, a 170 lb. junior, hurt his knee at mid-season but he is expected to be back at full strength.

Warren St. Mary's

The Warriors have copped the league honors for the past two straight years and it looks like Coach George Landis will add another title to his collection. St. Mary's went 9-0 last year.

Landis will have eight first stringers returning on both offense and defense in his list of 13 lettermen coming back.

THE WARRIOR mentor pointed out that "all our lettermen will be counted on heavily as our team will be well-balanced." Landis also reported, "our main weakness will be the lack of depth."

Nine seniors, three juniors and one sophomore will be the blocks on which Landis hopes to mold another championship aggregation.

Heading the backfield corps will be a senior trio composed of halfbacks Greg Capito and Jim Munno and fullback Carl Filkorn. On the line 220 lb. senior end Bob Stanko and 195 lb. senior tackle Bill Misocky along with John Russo and Jim Serridge will anchor the forward wall.

United Local

The Golden Eagles will be rebuilding this year as Coach Ray Russell lost 14 lettermen from last year's squad which posted a 6-4 mark, including All-Ohio

choices Larry Marks and Glenn Willis; All-County end John Sturgeon, and John Hanna at quarterback.

Seven lettermen, four seniors, two juniors and one sophomore, will greet Russell at practice tomorrow. The seniors will be carrying the load this year, Russell disclosed.

SENIOR MONOGRAM winners are John Blanchard, a 175 lb. guard; Pat Chestnut, a 145 lb. center; Gary Milliken, a 160 lb. quarterback and Bill Schroyer, a 185 lb. halfback.

Bill McGranahan, a 150 lb. halfback and 165 lb. guard Lloyd Willis are the junior returnees and Gene Metzgar, a 140 lb. halfback is the lone sophomore letter winner.

Russell also expects to use some freshmen who showed much promise as eighth graders last year.

Jackson-Milton

"Things don't look too bright for this season as we lost 13 lettermen, all regulars during the year," disclosed Coach Jack Jones.

The Blue Jays will have a large group of freshmen and reserve boys coming up to the varsity but they all lack the necessary experience, Jones reported.

Returning lettermen total nine with three being seniors, four juniors and two sophomores. Biggest man among the returnees is 200 lb. senior guard Jack Audino. Audino is in his third year and along with other seniors Charles Marsh, a 170 lb. guard and Gary Ruggles, a 165 lb. end must hold the line together. Marsh is also playing his third season.

IN THE BACKFIELD juniors Colin Muir, a 140 lb. halfback and Clyde Lay, a 170 lb. flanker back hold the keys to the offense.

Jones disclosed that if Jerry Trehorn, a newcomer and Howard Sahli, a linebacker who was ineligible last year, come through, they could spell the difference if the lettermen respond as expected.

Inter-County

Greenford

Al Carrino, new grid boss for the Bobcats, will have eight lettermen returning on which he will attempt to build a winning team. Last year Greenford posted a 1-7-1 overall mark.

Carrino is not accustomed to losing as he accumulated a 41-18-3 record at Columbus Grove Local High School, near Lima, the past six years.

Bob Cook, a 6-4, 190 lb. senior end and Rich Arnold, a 200 lb. senior tackle head the returnees greeting Carrino tomorrow. Of the lettermen five are seniors and three are juniors.

OTHER MONOGRAM winners include Frank Hofman, a 205 lb. tackle; Bill Hively, a 130 lb. tackle, and Dave Tyo, a 170 lb. quarterback, all seniors. Juniors are Jim Morrison, a 175 lb. center; Phil Johnson, a 180 lb. fullback and Tim Davis, a 160 lb. backfield man.

Carrino has indicated that he might switch Morrison to center; Hively to guard and Hofman to tackle.

The new grid mentor is also looking to Wayne Pagani and Charles Dustman, both 140 lb. juniors, to aid the line forces.

Western Reserve

Dick Owen, Russell Adair and Bob Weamer are the mainstays of the 13 lettermen Coach Nick Latessa has returning in what could be the finest season ever at the Berlin Center school. Last year Latessa's eleven recorded a 1-7 mark.

Owen, who played only one and a half games last season because of a broken ankle, is considered by Latessa as the best back in the league. He is a 180 lb. junior fullback.

Also in the backfield with Owen is Adair, a 150 lb. senior halfback who has recovered from a knee injury. Adair made the first team defensively as a sophomore and excels on defense as a line-backer.

WEAMER IS A four-year letterman and has been on the starting crew every year. He is a 165 lb. senior guard and he will anchor the line.

Latessa has seven seniors, four juniors and two sophomores who lettered last year.

The major weakness for Western Reserve will be at quarterback as lettermen fill all the other positions. Latessa lost Tom Owen, who handled the signal calling post last year. Another loss is that of Paul Bowman at a tackle slot. Both Owen and Bowman were first team Inter-

Crestview

"All positions are wide open," Coach Dave Habeger disclosed as he prepares to meet nine returning lettermen tomorrow.

John Cresanto, a 175 lb. junior halfback; Jack Hoff, a 160 lb. junior quarterback; Darryl Rupert, a 155 lb. junior guard and his cousin Larry Rupert, a 140 lb. senior fullback, along with Larry Weber, a 155 lb. senior halfback top the list of letter winners.

Habeger is expecting a great deal out of three sophomores. Tony Altomere, a 165 lb. end and center; Keith Baker, a 165 lb. fullback and Jim Miller, a 185 lb. tackle.

"THE MAJOR WEAKNESS," Habeger said, "is the lack of seniors on the squad." The Rebels will have for sure three seniors while a fourth senior letter winner, Dan Lindsay, 170 lb. tackle, suffered a broken nose last year and is doubtful whether he will play.

Bob Coppock, a 155 lb. junior center; Phil Henderson, a 150 lb. junior halfback and Gary Kannal, a 140 lb. senior halfback are the other monogram winners.

McDonald

Coach John Saganich and his staff will be rebuilding this year as the head mentor disclosed, "We lost many good boys on the line and in the backfield and we don't have the size we had last year."

Thirteen lettermen, six seniors, six juniors and a sophomore, will hold the Blue Devils together. Last year McDonald chalked up a 6-3 mark.

Senior letter winners are Mike Baumhauer at quarterback, John Hapic at fullback, 215 lb. Rolly Ryan at fullback; and Fred Klingner, Jack Wyko and Jon Zimmerman, all linemen. Juniors include Tony Alcahter and John Konowski, in the backfield while on the line Ed Entzi, Allan Ramsay, Ed Mayfield and Ray Vaughn will vie for slots. The lone sophomore returnee is Jim Kijowski.

Saganich commented that the Blue Devils will be young this year and several sophomores will be counted on for extensive duty. "Our big problem again this year is the lack of capable replacements," the McDonald coach said.

Lowellville

Marty and Mike Kamensky, both 150 lb. senior halfbacks and Larry Rotunno, a 150 lb. senior quarterback, will be the mainstays for the defending champion Rockets this year. Coach John Santillo's crew went undefeated with a 7-0-1 mark last year.

Others who Santillo will be counting heavily on are Jerry Benson, a 140 lb. junior end; Vince Carchedi, a 165 lb. junior center and Jim Pence, a 180 lb. senior tackle.

Santillo will have eight other seniors, 13 other juniors and eight sophomores at his disposal to build another championship team this year. Lowellville has won the crown the past two seasons and has not tasted defeat in 16 games over the two years.

North Lima

Six lettermen will be back for Coach Dick Rezek's Zippers while several sophomores and freshmen will be used in the lineup to

compensate for the lack of personnel.

"We will be very young and we will have a light line and backfield," Rezek reported.

OF THE SIX LETTER winners, three are sophomores, three juniors and one senior. Jack Hayen, a 155 lb. quarterback, who will be switched to a halfback post is one of the sophs. The other sophs include Gus Nemenz, a 120 lb. halfback and Bob Sahli, a 170 lb. fullback.

Junior monogram winners are Dick Day, a 135 lb. end who will take over a guard position and Tom McCarty, a 170 lb. end. The lone senior returnee is 175 lb. center John Zagotti.

Rezek hopes to use junior Carlie Trump, a 230 lb. tackle along with sophomores John Nutt and Jim Perry and freshman Rick Plasket, a 165 lb. quarterback a great deal.

Mineral Ridge

Coach Joe Rich and his Ridgers will begin their fourth year of football and prospects look good for a successful first season in the Inter-County.

Last year in an abbreviated schedule the Mineral Ridge eleven posted a 2-2 mark. Back from that squad are 10 lettermen, including five seniors, three juniors and two sophomores.

Letter winners are Ron Squirc, a 180 lb. tackle; Ron Brown, a 160 lb. fullback; Delbert Richards, a 195 lb. tackle; Bob Wick, a 150 lb. halfback and Dan Sylak, a 150 lb. guard of the senior group. Juniors include Joe Chambers, a 220 lb. fullback; Charles Clark, a 140 lb. end and Rusty Houck, a 175 lb. quarterback. Joe Virotek, a 180 lb. halfback and Ed Whitaker, a 195 lb. tackle, are the sophomore monogram winners.

"WE SHOULD BE A lot better than last year because of the valuable experience we picked up. Offensively we will be strong, however, our main weakness will be in getting another end to go along with Clark," Rich observed about the coming season.

The main cog in the offensive machine will be Houck who has handled the signal calling duties the past two years.

Frick Wants Old Strike Zone Restored

HOUSTON (AP) — Baseball Commissioner Ford Frick believes zone would be the best solution to speed up present day games as well as cut down on the steadily increasing number of home runs.

At a luncheon given for him by the Houston Colts Wednesday Frick said:

"I believe the best over-all solution would be to restore the old strike zone in place of the one on which we are now operating.

"The old one was from the shoulders to the knees, and I feel partially responsible for the change 12 or 14 years ago, because I was a member of the Rules committee. Now, in effect, the strike zone is from below the armpit to above the knees.

"I believe the old strike zone would cut down on the number of home runs because far more often the hitter would have to be hitting the pitch the pitcher wanted him to hit, and the pitcher wouldn't have to be keeping the ball in the fat zone in order to get a strike called."

Chisox Tally 10 Runs In 9th Inning; A's, Tigers Victors

Indians, White Sox Split Pair; Yanks Bop Twins; Angels Win

CLEVELAND (AP)—The Cleveland Indians broke manager Mel McGaha's heart in the first game Wednesday night, then turned around and did the same to 42-year-old Early Wynn of the Chicago White Sox in the nightcap.

It was a strange evening of baseball. The White Sox poured across 10 runs in the ninth inning of the opener to grab a 10-2 decision. But then the Indians, seemingly ready for the burial rites, came alive in the second game behind Jim Perry's fine pitching performance, beat the White Sox 3-2 and spoiled Wynn's bid for his 299th career victory.

The first game was one the Indians would like to forget. Tribe led 1-0 in 9th

Cleveland led 1-0 going into the ninth on Chuck Essegian's fourth inning homer. But before it was over, Chicago had sent 13 men to the plate, producing six hits and scoring 10 runs before a man was retired.

The second game was a fine match between Perry (9-9) and Wynn (6-9), both who pitched six

hitters.

But Wynn gave up four of his

hits in the fifth when Cleveland erased a 1-0 deficit and scored three times to hand Wynn his 236th loss in a 23-year major league career. He was seeking to move to within one step of the coveted 300-victory circle.

Jim (Mudcat) Grant (6-4) was picked to face Chicago's Eddie Fisher (4-4) in today's windup game.

It must be the nickname because even Uncle Sam's helping the Yankees.

And the helping hand came just in time for Tom Tresh, switch-hitting shortstop for the world champion New Yorkers who's suddenly turned into a homer hammer and continued his bid for Rookie of the Year honors in the American League.

Tresh got the first-place Yankees rolling to a 9-3 triumph over third-place Minnesota Wednesday night with a two-run homer in the fifth inning—his 15th of the season and his fifth in the last four games with the Twins over an eight-day stretch.

The key day for Tresh was Aug. 7 when shortstop Tony Kubek, released from the Army, made his return to the Yankee lineup as an outfielder. Kubek stood ready to step in at short should Tresh, tired and worn by his first major league campaign, continue to falter.

Riddle Opposing Pitchers
But Tresh did an immediate about face, slugged two homers in that first game with the Twins, and has been riddling opposing pitchers since. He's hitting .373 against the Twins and .278 against the league with the 15 homers and 65 runs batted in.

Bill Skowron also homered for the Yankees while Ralph Terry posted his 17th victory with a seven-hitter and maintained the leaders' six-game edge over run-

ner-up Los Angeles Angels, who edged Boston 5-4. The Twins now are 7½ back.

Elsewhere in the AL, Detroit beat Baltimore 3-1 and Kansas City made it 12 in a row over Washington with an 8-4 triumph.

The Angels pulled out to a 4-0 lead against Red Sox starter Don Schwall (6-13) in the first inning, then scored the deciding run in the fourth on an error. Pitcher Dan Osinski (3-1), who came on when Lu Clinton's homer helped chase Los Angeles starter Bo Belinsky, got credit for the victory.

Adair Raps Homer
Hank Aguirre (10-5) allowed the one run on a homer by Jerry Adair while posting his third triumph against Baltimore. The Tigers got only five hits off Robin Roberts (7-6) in seven innings.

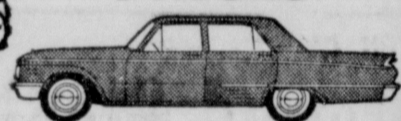

Home runs by Jerry Lumpe and Bobby Del Greco staked the Athletics to a 3-0 lead in the first two innings and they continued to pile it up with a 12-hit offensive. Don Lock and Ken Hamlin homered for the Senators. The victory went to Dan Pfister (3-9) with Dave Stenhouse (10-8) the loser.

NEW YORK (AP)—How would you explain life on earth to life on other planets?

Naturally, you'd need a "Hello Kit."

Scientists estimate there may be 100,000 or more planets in the universe capable of sustaining life—or maybe 100 million planets, since the human eye has as yet been unable to fathom the universe, and your guess is as good as anyone's.

But since earthlings are adventuring more and more into the dark pastures of space, the possibility—however remote—is increased that they may meet voyagers or refugees we do not know.

In such a collision of strangeness naturally each would like to know what the other is like.

Therefore it seems reasonable that earthlings—whether they

spring from this side or that side of the Iron Curtain—should carry an emergency packet to explain what civilization on earth amounts to.

Perhaps it might contain these things:

The Bible and the Communist Manifesto, a pair of nylon socks, a map of our world, as we draw it, an X-ray of a cancer, an ulcer, a cardiogram of a heart in trouble, a pair of eyeglasses and a set of false teeth.

There should be a one-volume edition of Shakespeare, the collected poems of Emily Dickinson, and three novels—"Madame Bovary," "Of War and Peace," and "Vanity Fair."

Also the latest editions of the Montgomery Ward and Sears Roebuck catalogues, a tourist phrase book in English, Russian, French, German and Spanish; portraits of Moses, Christ, Mohammed, Confucius, Lenin, Goethe, Winston Churchill, George Washington and Abraham Lincoln.

Too, recordings of melodies from Mozart, Tchaikowsky, and Stephen Foster, a symphony by Beethoven, one aria from Italian opera, and a rock 'n' roll tune sung by Elvis Presley.

Then a drip-dry shirt, World Almanac, Encyclopedia Britannica, and the Oxford dictionary.

There should be a photograph

Smith is a 1962 high school graduate of Leetonia, while Vankirk attended the same school.

Enlisting from East Liverpool were: Jacob Sergeuk, Clarence Wilson, Michael Walton, Jack Culp and Paul Schmitt.

Sgt. Minnitte announced that vacancies now are available for young men who plan on enlisting in September and October and that the men may choose their assignment now. The recruiting office is now situated at 115 S. Broadway.

showing an automobile parked 14½ feet away from a fire hydrant at the base of the Empire State Building—and a traffic cop writing out a ticket; the collected works of Sigmund Freud, any Sunday newspaper, and any day's edition of Pravda and the Congressional Record.

To round it out there should be a frozen dinner and the tape of any episode from any television Western, private eye or human soap opera series, a cigar, a package of cigarettes, and one bottle each of scotch, bourbon, gin, vodka and soda pop.

With those testimonials any earthling who met a foreigner in space could demonstrate the life he exemplifies.

No, come to think of it, he'd need these also: An aspirin tablet, mortgage, an overdue bill from his friendly neighborhood department store—and at least four credit cards.

Wonder what would be in the "Hello Kit" of the other fellow from outer space?

Christine Thomas vs Michael Thomas; temporary custody of minor child awarded to plaintiff; defendant ordered to pay \$15 a week towards support pending final disposition.

Pauline M. Gerr vs Charles F. Gerr; case dismissed, costs paid; no record.

FACES SEPT. 6 HEARING

LISBON — Mrs. Charlesetta Wilson of Grant St. pleaded "not guilty" to contributing to the delinquency of her eight minor children, ranging from 9 months to 14 years.

Her children were temporarily turned over to the county welfare department pending final hearing of the charge at 1 p.m. Sept. 6. Bond was set at \$1,000 and she was committed to jail in lieu of bond.

JOINS AEC — James T. Ramey, 46, executive director of the Joint Congressional Atomic Energy Committee, has been named by President Kennedy to the Atomic Energy Commission.

Washingtonville

The ninth annual Firemen's festival was well-attended.

The parade Friday evening was headed by the Columbiana V.F.W. color guard and the Leetonia High School Band.

Thirty-one fire-fighting units were represented and trophies were awarded as follows: Best equipped unit, Beaver Township of North Lima; best emergency car, Austintown; oldest fire truck, Leetonia; and the most comical, Greenford; truck coming the greatest distance, Salineville.

The Janettes of East Palestine were awarded first place for the best marching baton group, the Hi-Liters of Minerva received second place and the Colleens of Leetonia third place.

Judges for the fire equipment were Eldon Holt, fire chief of Leetonia, R. Kurtz of Greenford, Paul VanPelt of Homeworth and Cecil Horn of North Lima.

The firemen will benefit by \$2,000 which will pay off the debt on the new fire station.

Andrew McCoy of Leetonia and Patty Schaffer of Washingtonville won special prizes.

Judges for the marching units were George Hanson and Chester Kridler of Salem, members of the American Legion Band, and Donald Moore of Alliance.

East Fairfield

The Friendship, Loyal Workers and Amethyst Sunday School classes of the East Fairfield Methodist Church will hold a swimming party Friday evening at Firestone Park at Columbiana.

Each person is to take hamburger or wiener and buns. Beverage will be furnished.

The official board of the church will meet tonight at 8.

Twenty-four attended the Beacon Light Class corn roast Saturday at the home of Mr. and Mrs. Reuben Russell of the Salem-East Fairfield Rd.

Members of the Fairfield Farm Bureau Harvesters and the Fairfield Farm Bureau No. 1 Council held a joint coverdish supper Saturday at Firestone Park. Thirty-three attended. Both councils participated in a discussion on "What does the Common Market Mean to Us?"

East Goshen

Mission Helpers Auxiliary of the East Goshen Friends church was entertained by Mrs. Allen Lockhart Wednesday with devotions conducted by Mrs. Ralph Moore. During the business session pictures were prepared to send to Missionaries for their work overseas.

A surprise stork shower was given for Mrs. Bruce Riley. Favors in a blue and white theme were made by Mrs. Leroy Osberg, president. Lunch was served by the hostess assisted by Mr. Oberg and Mr. Fred Lockhart. Seventeen members were present.

Mrs. Robert Cline will receive the group on Sept. 12.

The Elsie Matti Missionary Auxiliary of the East Goshen Friends church will have no August meeting. The group will meet Sept. 19.

GETS SUSPENDED TERM

LISBON — A 19-year-old East Palestine youth was sentenced Wednesday by Juvenile Judge Louis Tobin for contributing to the delinquency of two Glenmorn girls. Gerald Bishop was sentenced to one year in the county jail, but had six months suspended, providing that when he gets out he will not associate with any girl under 18 and be of good behavior.

Authorities said that the two girls, ages 14 and 15, would have a hearing in juvenile court and the date was tentatively set for 1 p.m. Aug. 30.

Some investigators believe that barley is the most ancient of cultivated grains. It is thought to be as ancient as the earliest traces of agriculture itself, extending back to 5000 B.C. in Egypt, according to the Encyclopedia Britannica.

A word from

THERON

at the

Country Store

There is a little restaurant in Leetonia right beside the theater building. It is operated by Mr. and Mrs. Oliver. I stop in there every now and then to have a meal and for a small place they serve quite a variety and it's all good.

They would be very glad to have you stop in. The coffee is good. It's Maxwell House. They buy it here. We sell coffee below wholesale prices all the time to everyone. Maxwell House and Chase and Sanborn. 59c lb., 2 lbs. \$1.17.

NON-FICTION

COMPLETE GUIDE TO NORTH CALIFORNIA AND COMPLETE GUIDE TO SOUTH CALIFORNIA by Andrew Hepburn. Each of these volumes in the American Travel series is newly revised has 160 pages, the latest information on transportation, hotels, shopping, etc., with photographs, maps, and index.

INVITATION TO MATHEMATICS by William H. Gleen & Donovan A. Johnson. In six selections the authors introduce laymen and students to graphs, measurement, computing machines, and statistics. With more than 500 puzzles and problems.

EVERYONE'S GUIDE TO ISRAEL by Joan Comay. Full details about Israel's hotels, shops, restaurants, places of interest, and much about its history.

HELPING YOUR CHILD SUCCESS SCHOOL by Marshall C. Jameson. On the basis of 15 years as an Elementary school teacher and fifteen years as principal of an elementary school, the author tells what kind of help parents can give their children and how to give it.

THE TIGER IN THE SENATE by A. Robert Smith. A sympathetic but outspoken biography of the Senator from Oregon who turned against his own party in 1952, sought the Democratic Presidential nomination in 1960, has made headlines by his impetuous and bellicose remarks, and is now serving under his own party's President for the first time.

A HISTORY OF INVENTION by Egon Larsen. The panorama of man's technical progress from primitive times to the space era gives the scientific, biographical, historical, and social backgrounds on pioneer inventors and their inventions, detailing such things as the principles of the jet engine, computers and data processing and automation in agriculture.

A METHOD FOR STOCK PROFITS WITHOUT PRICE FORECASTING by Leon B. Allen. The head of a mutual investment fund explains his plan of investing in common stocks, without foretelling the future, which limits losses but puts no ceiling on possible profits.

FIVE BOYHOODS: HARRY GOLDEN, WALT KELLY, HOWARD LINDSAY, JOHN UPDIKE, WILLIAM ZINSER by Martin Levin, editor. Autobiographical accounts of very different

boyhoods, peddling papers in Atlantic City, as a fat Jewish boy, on a North Shore Long Island estate, etc.

THE QUICK AND EASY WAY TO EFFECTIVE SPEAKING by Dorothy Carnegie. Using her late husband's notes and files of unpublished materials, Mrs. Dale Carnegie has revised "Public Speaking and Influencing Men in Business" to show how to select, organize and edit a speech, and present it vividly and convincingly before various types of audience, both small and large.

GINGHAM JOYS: MEDITATIONS FOR HOMEMAKERS by Marion Flood French. A collection of 43 inspirational thoughts on the simple, meaningful treasures of life: the beauties of nature, the lasting virtues of courage, perseverance, honesty, and so on.

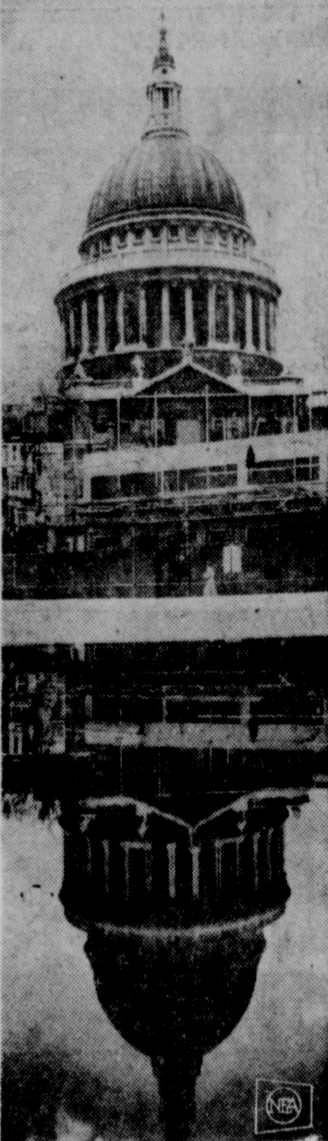

A CATHOLIC PARENT'S GUIDE TO SEX EDUCATION by Dr. Audrey Kelley. The Catholic approach to the sex education of children from their earliest years, through the late teens, covering all the facts on reproduction, terms to use in discussing sex, diseases and abuses, the Christian view of the sexual powers, the adopted child, etc.

CRUISING GUIDE by Brandt Aymar & John Marshall. The equipment, preparation, techniques, fine points, and joys of cruising overnight or on longer trips.

JAPANESE FLOWER ARRANGEMENT NOTEBOOK by Patricia Kroh. The author of "Design and Flowers Unlimited" gives American flower arrangers the benefit of her own study in Japan of Ikenoba, Enshu, Ohara and Sogetsu, the four schools of traditional and modern arrangement.

HOW TO KNOW THE BIRDS by Roger Tory Peterson. A revised edition of the old favorite. This book takes bird study out of display case and into the open field - showing how birds really look, fly, and act. A description of 54 major families of birds and tells which of the thirteen main types of wildlife areas each inhabits.

SPEECH AND HEARING PROBLEMS by Charles E. Palmer. After a quarter century of professional work with exceptional children, particularly with children having speech or hearing disorders Dr. Palmer has both the theoretical understanding and practical "know-how" to compile

REFLECTED GLORY — The dome of St. Paul's Cathedral is reflected in the street following a rainstorm in London.

a manual for teachers and parents. This book answers the questions often asked about these problems and explains, and suggests ways in which teachers and parents may assist the professional worker if a child is enrolled in a special program for speech or hearing problems.

TRAMPOLINE TUMBLING by Larry Griswold. A revised edition, clear helpful instructions for the safe performance of an increasingly-popular sport, accompanied by line drawings, demonstrating positions, moves, etc.

IS ANYBODY HAPPY? A STUDY OF THE AMERICAN SEARCH FOR PLEASURE by Norman Lobenz. "Pleasure is no longer man's servant but his tyrant", the author holds. He explains our new "fun morality" and our compulsion to work so hard at having fun in our leisure hours that we take no joy in them.

THE SEX AGE by Howard Whitman. The author of "Let's Tell the Truth About Sex" recalls the early twentieth century Victorianism, the gradual change to an unprecedented sex frankness and freedom, and reports on the effects of this freedom upon our way of life.

FERDINANDUS TAURUS by Munro Leaf. The famous story of the reluctant bull who would rather smell flowers than fight uses the same illustrations and follows exactly the format of the original edition. This one though is in Latin and is geared to the abilities of ninth and tenth grade Latin students, although it may well be widely enjoyed by adults.

New Waterford

Eighty Blue Birds and Camp Fire Girls and their mothers attended the annual basket picnic last Thursday at Mil-Pic Park. Mrs. Joseph Papania and Mrs. Dwain Hawkins were co-chairmen. Mrs. Papania is the new leader of the Wacankiya Camp Fire group.

Adult Fellowship Class of the Methodist Church held a wiener roast at the church Thursday evening. Members of the Young Adult Class were guests. Mr. and Mrs. Robert Hisey were hosts and Mr. and Mrs. Niland Herbkersman had the devotionals.

The annual Hawkins reunion will be held at Camp Paul Dean on Sunday. Judge Luther Donbar of Columbiana and Harry Hawkins of New Waterford are in charge of the arrangements.

Mrs. Charles Olnhausen and her daughter Mrs. Robert Burdick of Columbiana and Mr. and Mrs. Edward Bretz of New Waterford were recent guests of Mr. and Mrs. Mel Griffin at Willoughby.

Rev. and Mrs. Herman Strawn and daughter, Elaine and Mrs. Mildred Harding and daughter, Patty, have returned from a vacation at Niagara Falls and Chautauque, N.Y.
